GENERAL AND REVENUE SECRETARIAT.

Part B for Nov. 1898

SUBJECT

Administration of the reve
of the Bangalore Assigned
tract (Civil & Mily. Station, Bang

Vide Dy Comrs Telegram 18/3/87

Memo.

The notification inviting tenders for the Toddy Contract did not lay down that the Contractors should keep and produce accounts of "production & "consumption". The Head Superviser has endeavoured to obtain this information but has failed. He however managed to get hold of the Contractors private accounts and I went through them. From these accounts it appears that arrangements were made for working the Toddy supply of the Station & City themselves (amain) This resulted in the net average Sale of Rs 33300 worth of Toddy in Station & 22300 in City per annum. Subletting in the Taluks realised Rs 85900 on note. to this Rs 85900 should be added the amount sold to make a profit for the Sub-contractors & the Peons, which will increase this pretty considerably.

for Station Taluk

For the Station, City & the Taluks it will be seen that the Contractor got 33300 + 22300 + 85900 = 1415. from which he would have to pay his establishment & Expenses, & he would not net Rs 10000 out of the Contract, as his Establishment

Cost him Rs 5640. Under this system of cash settlement, the details of production were not procurable.

This answers Queries I & II & III

ery IV. The quantity consumed and produced in Talaks has never been recorded at any time, even by the Contractors, and as this information is not available it cannot be taken as the basis for settlement.

The production of such accounts could not be enforced by last Contract.

I never received a reply from the Collector of Malé & the Station to my proposal about divisions according to population.

Y[ear] before last it is proposed by the Collector to ask for the value of Toddy consumed in the Station at one anna per seer. This means over Rs 40000 a year, and is what the Contractor gets to cover everything. So I do not suppose such a proposition can be entertained.

One of the reasons for the Toddy Revenue being large in the

Station & Town is that we decentralise
Toddy Shops in the vicinity; they are more
easily looked after in the Town or Station
and if located in suburban villages,
Soldiers & others flock there, so we
have been reducing them greatly, and
when asked for, they are as a rule
not granted. If they were, the revenue
derived of the Station would be affected
If my proposal of paying Rs 12000
is thought not sufficient, then Rs 15000
is all that ought to be paid. Every
drop of the Toddy has to be brought
in to the place, and I question
whether if it were separated from
the Town & District, whether they
would get any Contractor to offer
Rs 15000 for the right - As if he brought
the Toddy from the Bangalore District
Contractor, we would have to charge
Seigniorage per cart; and if he
brought it in bullocks he would
have to pay the tax per tree. In
either case I would not feel called
upon to refuse Shops where the
public demanded them.
To avoid complications we could
say Rs 15000 was the utmost, as
for Rs 40000 or Rs 30000 that is
absurd.

CHIEF SECY.'S DEPT.

Submitted to the Dewan!

For orders

Vide Offg Revenue Comm'r's No 2842/130 dt 24 Sept 90

Subject Reduction of Loss of Revenue of the Bangalore District & which credit has the sanction of the Assigned Tract.

The reduction has been calculated on principles laid down in

Offg Resident's No 992/6486 dated 19 March 87

and accepted in the

Dewan's No 58/2 dated 2d April 87

The former is within the pale & as a search has proved fruitless Government apprehend further time may be lost & may be a waste of the Dewan recalls the ten & can pass final orders.

It appears from the Offg Resident's letter No 2953/878

& 3d Feb'y 90 that the
population is the calculated
Intercensal Population -

The Excise Comm^r
takes population at
669,139 for the Island
& 93,540 for the Assigned Tract -
probably according to
last Census & without
making allowance for
subsequent Variations
the Increase may well
be counted on at next
Census -

The arithmetic by
which the Excise Comm^r
takes £ 20,42-8-4 as
the Revenue creditable
to the Assigned Tract is
Correct -

May 4/90 Res^d

Can^d - Item can be
struck out -
no discussion
with it - Please ask
Asst Resident Spies
to pay in Excise Comm^rs
letter marking

to be summed annually
& the Comptroller instructed
to pay this amount
in 4 Quarterly instal^ts to
Government -

Memo.

Serial No 1. para 6.
15. 3. 84

1. The Resident stated that it was believed that there were very few or no toddy yielding palmyrees in the Civil and Military Station and that all the toddy therefore came from outside; that there was one contract for the wholesale vend of toddy for the District of Bangalore and the Civil and Military Station of Bangalore; that he understood that a share of the price realized for this Contract proportionate to the share in total consumption attributable to the Civil and Military Station was credited in accounts to the Civil and Military Station; that this system may be allowed to continue, similar arrangements being made for toddy as for arrack

Serial No 2 para 18 clause (b).
1. 4. 84

2. The Dewan stated that if the Toddy Contractors were ordered to keep a list of casks brought into their Wholesale shops within the Station

limits, the proportional amount of the Station Toddy revenue could readily be calculated and paid into the Resident's Treasury. The Contractors must keep correct accounts of quantities issued to the Civil and Military Station and to the rest of the Bangalore District, which is being arranged for with the Contractors.

3. The Resident said that as regards Toddy, the arrangements described in the Dewan's letter (Serial no 2) agreed with those proposed in para 6 of his letter (Serial no 1). The Dt Magte and Supdt of Excise, Civil and Mily Stn would check by his passes the quantity of toddy brought into the C'tmts by the Contractor and the Dy Commr, Bangalore would show the District Magistrate the Contractors' accounts of issues to the C'tmts and the rest of the Bangalore District and determine communication

Serial no $\frac{5}{a}$ - para 17
10. 4. 84

Serial No 12.

13-1-87

7. The Resident requested the early settlement of the share of the C on S to the Toddy revenue; it having been reported that the Dy comm^r, Bangalore d^o informed the Collector c & m^s that the question was awaiting the orders of Gov^t.

Serial No 13-para 2

24-1-87.

8. The Dy Comm^r. Bangalore District, stated that the guaranteed amount for the right of vending Toddy in the whole District including the Civil and military Station was Rs 1.29.359 including local cess. The population of the Bangalore district including the Civil and Military Station according to the Census of 1881-82 was 7.24.298 and that of the Station alone 93.540; the proportion being 87 to 13. the proportionate Contract amount creditable to the Civil and Military Station would amount to Rs 16.816/-

He also stated that there were no date or Toddy yielding trees within the Station limits and that the royalty to which the Durbar was entitled to receive from the Comd was the sum of Rs 4888 on the 4888 trees required to supply the Station with Toddy, according to the scale in force in Madras, viz 1 Re per tree per annum. The amount due to the Comd on account of Toddy revenue for the past three years, was in round numbers Rs 12,000 - (Rs 16,816 minus Rs 4,888). The Dy Comm^r was of opinion that the method of calculation adopted was in favor of the Station and at the same time the simplest one.

9. The Dewan stated in his letter to the Resident that as accurate accounts of actual consumption in places outside the Bangalore City and Station could not be obtained from the Toddy Contractors, the arrangement made in 1884 regarding the apportionment of the Toddy Revenue between

Serial No 14.
23.2.87

the Civil and Mil. Station and the remainder of the Bangalore district according to actual consumption as per para 17 of Serial No 5/a, could not be carried out; that the subject was still under enquiry. Copy of the Bangalore Dy. Commr's letter No 80* 2 dated 24th January 1887 which offered a solution of the question in a simple and reasonable form was sent for the consideration of the Resident. The Resident was also informed that the Comptr had been asked to remit to the Resdt's Treasury Rs 30,000 in account towards the C on S. Share of the Toddy Revenue under the Contract which Expired on the 31st March 1887.

* Serial No 13.

Serial No 15
+ 23.2.87

10. The Dewan asked Major Macintire to submit at an early date a statement in the following form based upon the Contractor's accounts:-

Year	No of Casks Consumed in the Civil & M. Stn	No of Casks Consumed in the Bangalore district exclusive C & M S.	Total No of Casks Consumed in the Bangalore District	Remarks.

He was also asked to state what would be the amount of proportionate revenue payable to the C & M S according to the foregoing statement and whether the Collector of C Mts agreed to division according to population.

11. Major Macintyre in reply to the above submitted that he examined the Contractors' private accounts which the A.S. Supervisor managed to get hold of and found that the Station and City Toddy vend was worked annually resulting in a net average sale of Rs 33,300 worth of Toddy in the Station and Rs 22,300 in the City and that sublatting in the Taluks realized Rs 85,900; that the quantity produced and consumed had never been recorded at any time even by the Contractors and that therefor consumption could not be taken as the basis of settlement. The production of accounts could not be

Serial no 16
1.3.87

be enforced under the terms of the last contract. The Collector of the Civil and Mily. Station did not reply to his proposal about division according to population. As already proposed by him, the C & M's was entitled only to Rs 12,000 as to share of Toddy revenue; but if that amount be deemed insufficient, Rs 15,000 was all that ought to be paid to the C & M's

Serial no 18
4. 3. 87

Serial no 13

12. In making some remarks on the use of the word "royalty" in the Bangalore Dy Comm's letter, the Resident observed that if by "royalty on date trees" it was meant that the Durbar should in respect to Consumption of toddy in the Assigned Tract get something by way of rent of the trees, there were no data to show

Whether the proportion owned by the Durbar of the trees from which the Toddy supply of the Assigned Tract was drawn was large or small or what was the average sum which a Toddy Sub-Contractor in Mysore would pay to a private owner of a toddy tree for permission to tap it for a year. The Resident added that in the absence of such information it was impossible to judge whether the charge of Rs 4-8-8 as royalty was fair or not.

13. The Dewan stated that the Darbar accepted the arrangement proposed by the Resident that the Civil & M. Station share of the Toddy Revenue should be fixed at Rs 16,706 per annum inclusive of local cess for the term Last from 1st April

Serial No 19.
2.4.87

Dist Rep: 7.24.298 : Cess: 9352 : Rs: 129.360 :

1884 to the 31st March 1887 and Rs 17.229 per annum inclusive of local cess for the Contract from 1st April 1887 to 31st March 1890.

The Dewan also stated that so long as the Comn Share of Toddy revenue was regulated on the principle of the Settlement referred to in the foregoing para, the Darbar would waive its claim to a rent for toddy trees.

Serial No 20
18.4.87

14. The Resdt requested that the balance of Rs 20,118 due by the Darbar on account of the Civil & M. Station Share of Toddy revenue for the 3 years ending 31st March 1887 might be caused to be paid to the Residents' Treasury at an early date, and that as regard the payment of the Toddy revenue for the 3 years ending 31st

March 1890, the Sum of Rs 17.229 payable yearly might be caused to be remitted to the Resident's Treasury in 4 equal instalments of Rs 4307-4-- each on the 10th June, 10th Sept^{r}., 10th December and 10th March of each year. The Comptr. was asked to comply with the Resid^{t}'s request. Serial no 21. 30.5.87

15 The Resd^{t} requested that the Civil & M. Station share of the Toddy revenue for the two years ending 31st March 1892 might again be fixed in the proportion of its population to that of the Bangalore District (or Taluk). A copy of this letter was forwarded to the Excise Comm^{r} for submission of the information called for within a week. The Excise Comm^{r} submitted Serial no 26 3.9.90. Serial no 27 4.9.90. Serial no 30. 24.9.90

that for each of the years 1890-91 and 1891-92 the proportionate share of Toddy revenue payable to the Civil and Military Station was Rs 20.942-8-4 as per following particulars:

Population of the Bangalore Dt including C'tm's Bangalore.	Population of the C'tm's Bangalore	Contract dut including local Cess for the whole distt
6,69,139	93,540	Rs 1,49,812-8-0
		: Rs 20,942-8-4 Yearly.

Serial No 31.
11.10.90.

16 The Resident was informed that the amount fixed as the yearly proportionate share of Toddy revenue payable to the C'tm's for the years 1890-91 & 1891-92, was Rs 20.942-8-4 which the Comptr had been instructed to pay into the Resident's Treasury in four equal instalments of Rs 5235-10-1 each ~~into the Resident's Treasury~~ on the 10th June, 10th Septr 10th Decr and 10th March of each year.

14.

Serial no 32
3.11.92.

17. The President now requests that proposals for fixing the share of the Toddy revenue for the Cmis. Bangalore for 1892-93 may be sent and that he may be informed whether the Toddy Contract for the Bangalore District from 1st April 1892 includes the Cmis of Bangalore. He also requests that if it be so, the share be fixed in the proportion of the population of the Cmis. Bangalore and that of the Bangalore District.

File No 17-92 on the subject was submitted to the Camp Undersecretary on the 16th Septr/92. Submitted for orders.

W D
10/11

Excise Comr's letter No 536/21 dy. 15th July 1892 (subd with File No 17-92 above referred to) deals with the question under reference.

It shd have been subd along with the papers of the present case called for, or this also sent to the Camp Mss. The nature of this file & the letters the former is a matter which deserves no further measure than that already adopted by the Acct Branch. I

Call for the new from Mudamary Zemindar

Attd 26/12

(2) A small establishment for inspecting and conserving the Toddy Groves and collecting the Toddy Revenue was maintained and that a proportionate charge on that account will have to be deducted from the Gross revenue before the net revenue available for distribution can be determined.

(3) Owing to the recent change in the method of reckoning the Revenue and Financial year in the Mysore State, the payments to be made to the Civil and Military stations should be reckoned quarterly instead of annually.

The Agent to the Resident was also informed that the Excise Commissioner had been requested to submit a return for the three quarters

ending on 31st December 1892. and on its receipt the payment due for that period would be adjusted at once. The payment due for the quarter ending ~~on~~ 31st March 1893 would be adjusted on receipt of supplementary returns in the month of April or in the early part of May.

19. A copy of the foregoing letter to the Asst to the Resident was forwarded to the Excise Commissioner with a request that a report might be submitted to this office showing the actual receipts and actual Expenditure on account of the Bangalore District from

Serial no (35)

No 15125. dt 14.3.93.
R.F 195.92

from 1st April to 31st December 1892 and that a supplementary statement for January, February and March 1893 submitted on or before the 30th April 1893. The Excise Commr. was also requested to submit his opinion whether under the Existing system of farming the Toddy Revenue the proportions payable to the Civil and Mily Stn should be calculated as heretofore, by

Population of the District including the C.tm.s of Bangalore : Population of the C.tm.s of Bangalore :: Revenue of the District including the C.tm.s. : Revenue of the C.tm.s.

or whether it should be calculated thus: —

Population of the Bangalore Taluk including that of C.tm.s. : Population of C.tm.s. :: Revenue of the Bangalore Taluk including that of C.tm.s. : Revenue of the C.tm.s.

Serial no (36)

No 1098/648-86 dt 30. 3. 93.

20 The Assistant to the Resdt

Conveyed the Resident's sanc-tion to the proposals mad in Serial no (34) (Vide para 18 above) and observed that the Resident's previous ap-proval should have been obtained to the Changes Effected in farming out the Sadr Revenue, as the Change necessitated the mainten-ance of a small Establish-ment the proportionate cost of which would be charged against the Sadr revenue of the Civil and Military Station.

Submitted with draft to Chief Commissioner calling for an early reply to Serial No 35.

H. D
13/4/93.

13/4/93

Submitted —

His

Draft need not be passed now that the Excise Com's reply has been received. Please see Excise Com's Nos: 6639 × 372 & 711/96 of 26th June & 21st Augt. 1893 respectively.

With the above the Excise Com's submitted two bills showing the proportionate share of Loss Revenue payable by the Civil & Mil. stations —

1 Bill for Rs: 125/7/3"3
for the period from 1st April 92 to 31st Dec. 92

from 1st Jan'y to 31st March 93 } 6096"4"11

Total Rs. 18,613"8"2

Before these bills could be passed the Excise was requested to give particulars of amounts realized last year from contractor Retrappa on account of

× serial No: 37238

the bills farms in
the Bangalore including
the city & the station.
& the loss sustained
by him as well as
the actual realizations
under the Amani
management. How
the Receiver has
submitted statements
giving the particulars

Copy

Bangalore
11th Nov 1873

My dear Sir

one matter, which I forgot to mention yesterday, is the Toddy Revenue of the station. I merely wished to mention it as a subject for discussion at my next visit.

The amain combined management for city and station has not been a success. I would like to put up the contract for public competition by means of tenders, and the connected questions for decision are:-

1st Should not the term be for 3 or 4 years to make it worth anyone's while to tender for the Contract? I think this very necessary.

2nd. whether the present Syetem of division of Revenue between station and City according to population may not be changed?

and 3rd may not the Contract for Supply and Sale be Separated also, so as to Enable us to ascertain exactly the Revenue of the Station from this Source Separately from that of the State?

I write this letter in order to Enable you to Consider the Questions beforehand, so as to admit of their ready Settlement when I see you on Monday or Tuesday as may be Convenyou.

yrs Sincerely
(Sd) K. Sheshadri Iyer

To
Col P. D. Henderson C.S.I
Resident in Mysore

15th Nov 93
Bangalore.

My dear Sir

In continuation of our conversation of yesterday I beg to send you herewith a copy of a Memo of instructions I have just now issued to the Excise Comm^r & Dy: Comm^r, who will at once proceed to fell the trees for the Station & Line on the lines laid down. The auction should if possible take place on Wednesday next.

As soon as I get your report I shall settle the question of the payment to the Station for the period June 1st to April '92.

Yours truly
B. Rice

P. D. Henderson
O.S.I.

In the H.S. Office file
No 332-92.

Original in H.D. Bangalore No 332-92.

MEMORANDUM.

Toddy Revenue of the Civil and Military Station (including Local Cess.)

This (like the Station Arrack Revenue) is under the management of the Mysore Government in accordance with an arrangement between the Residency and the Durbar made in April 1887.

2. This arrangement (made at a time when the system in force was one of a three year farm for the entire District of Bangalore) provided for the Revenue actually derived from the entire District being divided, between the Civil and Military Station and the remainder of the Bangalore District, in the proportion of their respective populations. The share of the Civil and Military Station calculated in this manner was as follows:—

Rs. 16,706 per annum for the contract from 1st April 1884 to 31st March 1887.
„ 17,229 per annum for the contract from 1st April 1887 to 31st March 1890.
„ 20,942 per annum for the contract from 1st April 1890 to 31st March 1892.

3. With effect from 1st April 1892, the large District Farms were abolished, smaller shop and grove farms being substituted in their place throughout the Province.

4. Under this changed system, the District of Bangalore was divided into several farms, but it was found necessary to combine the Station and City of Bangalore with the remainder of the Bangalore Taluk to form a single farm for 1892-93, in order to induce would-be contractors to offer a good price for it. At the public competition this farm was taken up by one Patrappa for Rs. 77,456¼ for 1892-93 (12 months). For statistical purposes this contract amount was distributable as follows:—

	Rs.
For Station and City	59,581¾
For remainder of Bangalore Taluk	17,874½
Total.....	77,456¼

5. Patrappa lost heavily on this contract. His loss is ascertained to be over Rs. 20,000 and was due to—

(*a*) his bid having been so high as to leave him scarcely any margin of profit. His estimate of the value of the separate farm for the Bangalore Taluk including Station and City was at the time of his bid a matter of mere guess work, the previous system of District farms having furnished no data for a reliable estimate;

(*b*) his omission to make proper arrangements for carriage from the distant groves in Kunigal and Kankanhalli which had to supply the Station and City. Perhaps the farm being for one year only, he found it unremunerative to make these arrangements; and

(*c*) owing to fall in consumption due to increased consumption of Arrack within Station and City and to the introduction of Beer in the Station.

6. When we came to sell the farms for 1893—94, would-be contractors were naturally influenced by Patrappa's failure during 1892—93, and the bids obtained were

unsatisfactory. Two sales were held. At the first sale before Mr. Raghunatha Rao the highest bids for 12 months were:—

	Rs.
For Station and City	47,004
For remainder of Bangalore Taluk...	17,760
Total.....	64,764

These bids being considered unsatisfactory, a second sale before Mr. Kuppuswami Naidu was resorted to and the highest bids then obtained were for 12 months:—

	Rs.
For Station and City	38,250
For remainder of Bangalore Taluk	21,444
Total.....	59,694

These bids were also rejected and a system of *Amani* management was resorted to, and this has given the following net results for the 7 months from April to October 1893:—

	Rs.	As.	P.
For Station and City	14,561	8	8
For remainder of Bangalore Taluk (partly under *Amani* and partly under small farm contracts) ...	11,323	7	9
Total.....	25,885	0	5

These actual figures for 7 months give for a year of 12 months the following estimate:—

	Rs.	As.	P.
For Station and City	24,962	10	0
For remainder of Bangalore Taluk	19,411	11	0
Total.....	44,374	5	0

7. If the term of the contract be extended up to 30th June 1897. (*i. e.* 43 months from December 1893), one Gujjarappa offers as follows:—

	Rs.	As.	P.	
City and Station	49,687	8	0	Per annum.
Remainder of the Bangalore Taluk	22,512	8	0	
Total.....	72,200	0	0	

8. This I regard as a most reasonable offer which in some measure makes good the loss during the 7 months of the *Amani* management. This will be seen at a glance from the subjoined table where the figures are for a year of 12 months including Local Cess:—

	Under Patrappa's contract for 1892—93.	Offers not accepted at Mr. Raghunatha Rao's sale for 1893—94.	Offers not accepted at Mr. Kuppaswami Naidu's sale for 1893—94.	Estimated figures based upon the average of 7 months *Amani* management in 1893—94.	Gujjarappa's offer for a term ending 30th June 1897
City and Station...	...	47,004	38,250	24,962—10—0	49,687—8—0

Total.....	*77,456¼	64,764	59,694	44,374— 5—0	72,200—0—0

*This bid was for the entire Taluk including the Station and City.

9. It is found necessary to assign to the contractor for Station and City some of the adjoining farms so as to prevent the sales in the latter competing with those in the former. The supply for the Station and City has to come from a distance, and in order to make the concern remunerative, the term should be extended so as to embrace the unexpired portion of the current year and three whole years, *i.e.* till 30th June 1897.

10. Outside the Station and City, the whole of the farms, excepting Krishnarajapur, have been given out on contract to different men. The new contractor, if he took up entire Taluk, must respect the rights of outlying farms during their unexpired terms.

11. Under such circumstances, there is a possibility of our getting less than Gujjarappa's offer as above, if we put up the farms for public competition, and as Gujjarappa's tender is most reasonable, it perhaps is best to accept it at once.

12. But after duly weighing all considerations, I have arrived at the opinion that it is undesirable to sacrifice the sound principle of trusting to public competition for giving us the proper price. Practically there will be, I think, no risk of actual loss by resorting to an auction under proper safe guards, upon the following terms:—

(1) The farm to be for City and Station combined.

(2) Term of farm to be a period ending with 30th June 1897, *i.e.* 42 months if farmer takes it up from 1st January 1894 and 43 months if he takes it up from 1st December 1893.

(3) The mamool Government groves in Kunigal and Kankanhalli to be handed over to the farmer for the service of this farm.

(4) In order to enable the contractor to work the farm successfully, the Government to grant him also the following farms outside the City and Station limits, during the period of his contarct, for the monthly rent (including the Local Cess,) specified below:—

		Rs.	As.	P.	
1-2.	Yesavanthpur—Nagavara ...	184	14	0	Rates for which they are now temporarily rented.
3.	Uttarahalli	90	5	0	
4.	Madivala	154	1	0	
5.	Krisnarajapur	100	12	0	Estimate.
	Total Rs.	530	0	0	a month.

(5) Therefore the bid should be for the monthly amount (including Local Cess) the contractor is willing to pay for the Station and City, over and above the fixed monthly rent of Rs. 530 as above for five outlying farms.

(6) Gujjarappa's tender is for Rs. 6,000 a month for the entire Bangalore Taluk including City and Station. Excluding all outlying farms which have already been rented and which now bring a monthly rental of Rs. 1,745—13—2, and the Krishnarajapur farm which is still under *Amani* and the monthly rent of which is estimated at Rs. $100\frac{3}{4}$, the offer of Gujjarappa, for the City and Station alone, is Rs. 4,153—8—0 a month, equivalent to Rs. 49,842—0—0 per year of 12 months.

(7) The Resident has agreed that the Revenue from the combined City and Station farm should be divided between the City and Station in the ratio of the actual consumption of toddy in each place. Therefore the

local authorities of both places should maintain proper Registers of such consumption, taking care to exclude the supply to the outlying five Taluk farms mentioned in clause (4) above.

(8) The contractor should have liberty to sell palmyra and cocoanut toddy at a price from time to time approved by the Excise Commissioner. He should obtain his supply of this class of toddy under tapping licenses, as in Madras, paying a prescribed moderate fee.

(9) If at the time of auction, the bidders express a desire to possess some of the outlying farms in Bangalore Taluk in addition to the five specified above, the Deputy Commissioner will be at liberty to sell them with effect from 1st July next to 30th June 1897 for rent not less than the rents they pay under contracts for the current year.

13. For the use of the Durbar date-groves for the supply of the Station a rent is payable out of the Station Revenue, but this can be settled between the Residency and the Durbar hereafter when sufficient data for a settlement become available, and will therefore not affect the contractor in any way. This point may therefore be altogether omitted for the present.

Dated Bangalore,
15th November 1893.

K. SHESHADRI IYER,
Dewan of Mysore.

No. 8054-5—R. F. 195-92, DATED 15th NOVEMBER 1893.

Copies forwarded to the Deputy Commissioner, Bangalore District and the Excise Commissioner in Mysore.

By order,

T. ANANDA ROW,
Chief Secretary.

Government Branch Press, Mysore.—22-11-93.—50.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 2nd April 1887.

READ THE FOLLOWING PAPERS:—

From the Dewan of Mysore, To the Resident in Mysore, No. 49, dated Camp Mysore, 8th March 1887.

I have the honor to acknowledge the receipt of your office letter No. 675—6486, dated 4th March 1887, and in continuation of my letter No. 43, dated 23rd ultimo, to state that it has been found impossible to obtain from the toddy contractors of the Bangalore District any accounts of production and consumption outside the limits of the Station and City. The contractors were not by the terms of their contract bound to keep or produce such accounts, and endeavours made to get them to do so failed.

It appears that the contractors kept in their own hands the manufacture and supply for the requirements of the Station and City of Bangalore, and the manufacture and supply for all places outside the Station and City was sublet by them to numerous sub-contractors in all parts of the District. The contractors had no control over these sub-contractors and were not able to get them to keep any accounts of production and consumption. The shops were assigned to various sub-contractors in consideration of specified money payments, and these sub-contractors made their own arrangements for drawing the toddy from date topes allotted for the purpose, and for carting the same to the places of consumption. Under such circumstances no information is available regarding the quantity consumed outside the Station and City limits. I am informed that the contractors realized by the subletting Rs. 85,900 per annum on an average. This is exclusive of the cost of production and carriage and sub-contractors' profits.

The sanctioned selling price of toddy was from 8 to 12 pies per seer in the villages of the Bangalore District, and 10 to 15 pies per seer in the head-quarters towns of the 8 outlying taluks. If we assume 9 pies per seer to be the average actual selling price and allow 50 per cent of this for the cost of production and carriage and sub-contractors' profits, the net amount realized by the contractors would represent, as per details in margin, the revenue from a consumption of 15,272 casks. The consumption in the Civil and Military Station appears to have amounted to 2,641 casks or 13·42 per cent of the total consumption of the entire District, including Station, City and outlying taluks. But for obvious reasons the above estimate of the proportionate consumption in the Station is unsatisfactory, being based upon no verifiable data. It is however useful to show that Major Macintire's proposal to divide the revenue according to the population is not much beside the mark. I would under such circumstances strongly recommend that the toddy revenue of the Bangalore District should be divided between the British Government and the Durbar in the proportion of the population of the Civil and Military Station and of the remainder of the Bangalore District. If you approve of this plan, it can be applied to the years of the contract now about to expire, as well as to future contracts. Under it the share of revenue payable to your treasury under the present contract will be Rs. * 16,706 inclusive of local cess.

$4\frac{1}{2}$ pies per seer = Rs. $\frac{4\frac{1}{2} \times 24 \times 10}{12 \times 16}$ = Rs. $5\frac{3}{8}$ per cask.

$\frac{\text{Rs. 85,900 total revenue to contractors}}{\text{Rs. } 5\frac{3}{8} \text{ per cask.}}$ = 15,272 casks.

* 7,24,298 : 93,540 :: 1,29,359 : Station share of revenue.

† 6,69,139 : 93,540 :: 1,23,250 : Station share of revenue.
(Population of Kunigal Taluk, not now in Bangalore District, is excluded.)

Under the contract for the 3 years from 1st April 1887 to 31st March 1890, the share of revenue due to the Station will be Rs. † 17,229 inclusive of local cess.

With reference to your remarks in your office letter under acknowledgment regarding Major Macintire's proposal for a "Royalty per tree", I beg to observe that Major Macintire appears merely to ask for a rent on Government trees. The whole of the toddy consumed in the Civil and Military Station is drawn exclusively from trees on Government waste lands situated in the Kunigal Taluk chiefly and elsewhere to a very small extent. I have no information as to what the contractor will pay to the private owner of a toddy tree. There are so many Government trees that the contractor is independent of private owners. He makes annual payments to certain inamdars, but these are made not merely for the privilege of using the inamdar's toddy trees but also for that of selling toddy within inam villages. In some cases these payments are for the latter privilege only.

Under such circumstances it is difficult to obtain any accurate data for fixing a fair rent on Government trees. Perhaps the value of jaggory produced may be of some help in the matter. It seems that 3 pots of toddy will produce 1 maund of jaggory worth about 8 annas, and that of this, 3 annas will be the cost of drawing the toddy, and 2 annas that of manufacturing jaggory out of the toddy, thus leaving 3 annas to represent the intrinsic value of 3 pots of toddy. There are 10 pots in a cask and 10 annas per cask would seem to be a fair method of fixing the rent upon Government toddy trees. But the whole question as to whether any and what rent for toddy trees should be allowed to the Durbar, whether by a fixed annual deduction from the share of toddy revenue payable to the Civil and Military Station, or in any other way, is one which I shall leave entirely in your hands for settlement.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 2nd April 1887.

From the Assistant to the Resident in Mysore, To the Dewan of Mysore,
No. 992—6486, dated Bangalore, 19th March 1887.

I am directed to acknowledge the receipt of your letter No. 49, dated 8th March 1887, regarding the apportionment of toddy revenue between the Civil and Military Station of Bangalore and the District of Bangalore.

2. In reply I am directed by Mr. Lyall to forward a copy of the note on the subject by the Collector and District Magistrate of the Civil and Military Station of Bangalore, and to state with reference to your proposals regarding a royalty per toddy tree, that though in theory it seems fair that the Durbar should, if they wish, claim an abatement by way of rent of toddy trees on Mysore Government waste lands, yet practically if the Resident on behalf of the Civil and Military Station accepts the Durbar's proposal to allow the Civil and Military Station's share of the revenue to be calculated by the proportion of the population of the Civil and Military Station and of the District of Bangalore, Mr. Lyall thinks it would be fair that the Durbar should waive the claim to rent of toddy trees.

3. The figures given by the Collector and District Magistrate of the Civil and Military Station indicate that the contractors' profits in the Civil and Military Station are proportionately higher owing to the greater price he is able to charge ; Mr. Lyall thinks therefore it would be a fair comparison if the share of the Civil and Military Station be fixed at Rs. 16,706 per annum, inclusive of local cess, for the present contract, namely from the 1st April 1884 to the 31st March 1887, and Rs. 17,229 per annum inclusive of local cess, for the new contract from 1st April 1887 to 31st March 1890.

4. In conclusion I am directed to add that it would not be impossible for the Civil and Military Station of Bangalore to have its own separate contract, the contractor drawing his supplies from Madras Districts and inamdars' groves near Bangalore, and this arrangement might be more profitable ; but, it would involve the friction and trouble referred to by the Collector and District Magistrate in his Note, Mr. Lyall is not therefore willing at present to attempt it. For similar reasons Mr. Lyall agreed to the arrack contract continuing to be managed as a joint affair, though it has been often urged upon him that a separate contract might be more profitable to the Civil and Military Station.

Note by the District Magistrate and Collector of Civil and Military Station of Bangalore, dated Bangalore, 18th March 1887.

(1). The difficulty in ascertaining the correct amount of revenue debitable to the Civil and Military Station of Bangalore is due to the want of reliable accounts and the failure to furnish them by the toddy contractor of the Bangalore District who has, doubtless, his own reasons for withholding them.

(2). The Collector, Civil and Military Station, called upon the Cantonment Mutsaddi in November 1886 to furnish accounts of toddy imported into the Station for the years 1884—85, 1885—86 and 7 months (to October 1886) and the net amount of pots sold amounted to 68,961 and 14 seers at Rs. 1—8—0 per pot (or 1 anna a seer) value Rs. 1,03,442—6—0 for 31 months ; thus representing in round numbers a yearly average sum of Rs. 19,000 due to the Civil and Military Station, after deducting 8 annas in the rupee as contractor's expenses and profits ; this is calculated at the *maximum* rate and is favorable to the contractor.

(3). The plan proposed by the Deputy Commissioner of the Bangalore District for fixing the proportionate share of the toddy revenue for the Civil and Military Station according to population may be simple, but it is not, I consider, a correct method of deciding the question.

(4). As to the royalty proposed, I do not see why any should be demanded by the Mysore Government from the British Government for toddy brought into the Civil and Military Station for consumption ; if any one paid a royalty, it should be the toddy contractor, who disposes of what he collects for sale, wherever there is a demand ; and as the contractor pays no royalty, there is no reason why the British Government should do so. The case is one of supply and demand between the contractor and the Civil and Military Station, and when it is ascertained how much is supplied, the difficulty of fixing the proportionate share of the toddy revenue disappears and this need not be reduced by a royalty.

(5). It is to be regretted that all casks of toddy brought into the Station were not covered by passes as now adopted in regard to beer, and then some reliable data would have been available for fixing the proportionate share of the toddy revenue ; but the toddy contractor appears to have [illegible]n difficulties in the way and the Deputy Commissioner, Bangalore, apparently did nothing and said that he was awaiting the Dewan's orders.

(6). From the foregoing remarks, I think that the sum of Rs. 19,000 per annum is more the figure that should be fixed as the toddy revenue due to the Civil and Military Station than Rs. 12,000, the sum recommended by the Deputy Commissioner, Bangalore District.

(7). I take this opportunity of suggesting to the Resident, the desirableness of fixing a lump sum to be paid by the Mysore Government yearly, as it would, I conceive, avoid the friction, expense of establishment, keeping of accounts, and correspondence, &c., that would occur, if the pass or detective system were adopted for the import of toddy for Station consumption.

From the Dewan of Mysore, To the Officiating Resident in Mysore, No. 58—2, dated Camp Mysore, 2nd April 1887.

With reference to your office letter No. 992—6486, dated 19th March 1887, I have the honor to state that the Durbar accepts the arrangement referred to in the concluding part of para 3, namely, that the Civil and Military Station share of the toddy revenue shall "be fixed at "Rs. 16,706 per annum, inclusive of local cess, for the present contract, namely, from the 1st "April 1884 to the 31st March 1887, and Rs. 17,229 per annum, inclusive of local cess, for the "new contract from 1st April 1887 to 31st March 1890."

2. In regard to a rent for toddy trees referred to in para 2 of the letter under acknowledgment, it will be seen from the concluding part of my letter No. 49 of the 8th ultimo, that I never meant to press the claim. The Durbar will now waive it, so long as the Civil and Military Station share of toddy revenue is regulated on the principle of the settlement referred to in the preceding para.

No. 118-9—8, DATED 2ND APRIL 1887.

ORDER.—Copy of the above correspondence relating to the Civil and Military Station share of the toddy revenue is forwarded to the Deputy Commissioner of the Bangalore District and to the Comptroller for information and guidance.

2. It will be seen that the share of the Civil and Military Station has been fixed at Rs. 16,706 per annum, inclusive of local cess, for the three years from 1st April 1884 to 31st March 1887, and at Rs. 17,229 per annum, inclusive of local cess, for the period of the present contract from 1st April 1887 to 31st March 1890. The amount thus payable to the Resident's Treasury for the three years from 1st April 1884 to 31st March 1887 is Rs. 50,118, of which Rs. 30,000 have already been paid under the authority of order No. 7793—507, dated 24th February last. The Comptroller is requested to remit the balance of Rs. 20,118 to the Resident's Treasury as early as possible, and to arrange to pay into the Resident's Treasury Rs. 17,229 per annum during the next three years.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Bangalore District.
The Comptroller.

Relative to the Civil and Military Station share of the Toddy Revenue.

Mysore Government Press, Bangalore.—23-4-87.—80.

Memo

at present the amount paid by the Durbar & the British Treasury for the toddy shops in the Civil & Military Station of Bangalore is Rs: 20,942-8-4 (vide Chief Secy's letter No: 392 of 11th October 1890 to the address of the Assistant Resident / payable to the British Govt

2 The proportion was fixed upon the population & on the total amount obtained for the whole of the Bangalore District.

3 The statistics collected last year for the introduction of the new scheme throughout the Province show that the consumption of toddy in the Bangalore city was a little more than in the Civil & Military Station as shewn below:-

	No: of shops	Population	1891-92 Quantity of toddy in gallons	Value of toddy sold
Civil & Military Station	9	100,081	29,747½	Rs 44,628-4-0
City	11	80,285	33,215	Rs: 49,822-8-0
Taluk	19	89,317	16,851	Rs 21,063-12-0

+ vide correspondence published ": Pros: No 118-19-8 of 20th ie 1887.

a Guda is equalt 6 Gallons (Imperial).

4 Shops in the Cantonment & City were separately offered for sale but none owned come forward to take them ~~because~~ without the groves.

5 One Ramaswamy Mooda offered Rs 55,000 (exclusive of local cess) for shops in both the places & for groves in the Kanigal & Kankanhully talukes. While one Putsamya tendered for Rs 56,000 & same & Rs 16800 for in the taluk.

6 Patharapasetty's bid of Rs 56000 & Rs 16850 respectively was accepted under the circumstances with the local cess the total amount came up to

Rs: 59,553-2-0 for the city & Civil & Military station.

Rs: 17,903-2-0 for the taluk

What 77,456-4-0.

7. Both the places are of equal importance, & the

consumption, though slightly on the increase in the city at present, may fluctuate & be on a par - Thus the amount now secured viz Rs 59,553-2-0 will give Rs: 2997-10-6 per shop per annum - So for 9 shops in the Civil & Military Station it will be Rs: 26,798-14-6.

8. In the case of Yellandur taluk & other main villages, shops & groves were separately sold & their values were in the proportion of 162. If this mode of calculation be adopted, the value of date trees assigned to shops in the Civil & Military Station will be Rs 17,865-15-0 & that of shops Rs 8932-15-6 (for the right of vending).

9. 5 Groves in the Kunigal taluk & Kankanhally were assigned in addition to those in the Bangalore taluk.

10 A few pedi & main groves in the Kunigal taluk were separately sold

& the renters were bound
to supply toddy to the contractor
of Bangalore at one anna
and nine pie per gada.

Toddy is in demand to
a greater extent from 15th
January to 15th June
every year - The number
of carts said to have been
employed by former contract
is as shown below:

Hot season	From 30 to 32 carts
Rainy season	12 carts
Cold season	16 carts.

Each cart will
on an average 11
Toddy -
Each gada supplied by
a toddy drawer is equal
to 30 seers, but the contractors
reckon the same at
24 seers when selling it
to the shopkeepers - A gada
is sold from Rs 1-8-0
to 2-0-0

Office of the Resident in Mysore.
Bangalore, 15th March 1884.

To

The Dewan
of Mysore.

Sir,

In forwarding the accompanying copy of letter No 757. I. dated 28th February 1884 from the Government of India, sanctioning the Budget Estimate of receipts and disbursements of the Civil and Military Station of Bangalore for the year 1883-84, and conveying instructions regarding the revenue of the Assigned Tract, its Collection and accounts, I have the honor, by desire of the Resident, to observe that as the proposal in para 1 of his letter of the 13th February 1884 (which is said to be under consideration of the Government of India) is that the surplus revenue of the Civil and Military Station shall for the past and some years to come go to the Durbar, it is not necessary, in the Resident's opinion, in connection with the transfer now ordered, to enter into calculations of charges due to the Durbar for assistance given by their Officers or Establishments in the administration of the Civil and Military Station. In

the meanwhile, Mr. Lyall will be much obliged if you will give him your advice and assistance to enable him to carry out quickly the instructions contained in clauses 1 and 2 of para 3 of the above letter from the Government of India regarding the management of the revenue of the Assigned Tract.

2. I take the items of receipts seriatim as they are entered in the Budget and note in respect to each what orders seem to Mr. Lyall to be necessary for carrying out the instructions of the Government of India. If you can suggest any better method or see any serious difficulties or mistakes as to facts, Mr. Lyall will be much obliged if you will note and advise

3. The first item is that of land revenue, the Resident understands the fourteen villages named in the margin are those comprised in the Civil and Military Station. It seems necessary for the Durbar to instruct the Deputy Commissioner of the Bangalore District to make over charge of these villages with all necessary maps and village papers and accounts to the Magistrate of the Civil and Military Station and to direct the Shanbogs of the villages to make their reports to that Officer in future. Mr. Lyall proposes to empower the District Magistrate to act as Collector and the 2nd Magistrate as

1. Dod Kunte
2. Byadarahalli
3. Upparahalli
4. Sampangibelli (part)
5. Hakkitimmanhalli (part)
6. Vilasandra.
7. Sonnenahalli.
8. Domlur.
9. Onkanahalli
10. Bimmanangal.
11. Bilkilyalli
12. Sunle
13. Kupsandra.
14. Ulsur.

as Amildar of these villages and to appoint a Shekdar on Rupees 20 and a gumasta on Rupees 15 to assist the Amildar. If there are at present any men serving in the Tract as Shekdar or Gumasta, Mr Lyall will be glad to take them over, if the Durbar is disposed to part with their services.

4. The next head is that of Excise on spirits and drugs. The District Magistrate of the Civil and Military Station has already been invested with the powers of a Collector or Deputy Commissioner under the Opium and Excise Acts and is Superintendent of Excise and Opium revenue, but he has no Abkary Inspector under him. Certain subordinate Excise officials of the Bangalore District have, however, certain powers of inspection and arrest in the Civil and Military Station. It will properly be advisable to appoint the Shekdar to be also Abkary Inspector of the Civil and Military station as his land revenue work will be light. Though the District Magistrate has powers of Superintendent, his work has been confined to licensing retail shops. The monopolies of manufacture and wholesale sale of arrack and toddy and the monopoly of wholesale sale of ganja leased by the Mysore Government for the Bangalore District, have hitherto with the Consent of the Resident been made

Is this required after the Resident approves Scheme?

to include the Civil and Military Station and the sums due from these Contractors have been collected by the Deputy Commissioner of the Bangalore District and his subordinates; — the share creditable to the Civil and Military Station, being Calculated by the Comptroller of Mysore and shown in the Civil and Military Station Budget. In respect to beer also, it is understood that the duty per gallon on beer brewed for Consumption in the Civil and Military Station has been collected by the Officers of the Bangalore District and credited in account to the Civil and Military Station. Brewery license fees and Opium retail license fees seem also to have been collected in the same way. All other retail or wholesale excise license fees have, it is understood, been collected by the Municipality as Municipal Revenue and therefore do not appear in the Comptroller's Budget.

5. The most important item under Excise is Arrack. A lease of the monopoly of the manufacture and wholesale vend of arrack for a large tract of country including the Civil and Military Station is, Mr Lyall understands, about to be granted by the Mysore Government. By this lease the duty per gallon payable to Government

is fixed for the Civil and Military Station at Rs 3-5-0 inclusive of local cess, the wholesale price to retail dealers from the Contractor at Rs 4-6-0 and the retail price at Rs 5 per gallon - There is only one distillery for the whole tract comprised in the lease, this is situated near but outside the limits of the Civil and Military Station - It does not seem necessary to disturb these arrangements by having a separate lease or separate distillery for the Civil and Military Station - The Contractor can retain his wholesale shop in the Civil and Military Station from which all the retail vendors of the Civil and Military Station draw their supplies - He would obtain passes from the District Magistrate, Civil and Military Station for all arrack which he wishes to send from the distillery to the wholesale shop in the Civil and Military Station - Either at the time of obtaining passes or at the end of the month he should pay into the Residents' Treasury the duty on the arrack passed into the wholesale shop - It does not seem necessary to Mr Lyall that the authorities of the Civil and Military Station should have any concern in the guarantee of a minimum revenue to which the Contractor is bound in his Contract with the Mysore Government - The Civil and Military Station would merely take the duty on liquor brought into its limits

Mysore

more or less, the Mysore Government would give the Contractor credit for such duty in calculating the receipts in order to enforce the guarantee when receipts of duty are below the minimum and in making refunds of the bounty one anna per rupee when receipts are above the minimum.

6. The next item is that of Toddy. It is believed that there are very few or no toddy yielding palm trees in the Civil and Military Station and that the toddy therefore all comes from outside as the arrack does, and at present from the Bangalore District only; there is one Contract for the wholesale vend of toddy for the District of Bangalore and the Civil and Military Station of Bangalore. Mr Lyall understands that a share of the price realized for this Contract proportionate to the share in total Consumption attributable to the Civil and Military Station, is credited in accounts to the Civil and Military Station. Mr Lyall thinks that this system may be allowed to continue. Similar arrangements should apparently be made for toddy as for arrack. The Mysore Government Contractor for the Bangalore District would have a wholesale shop in the Civil and Military Station for the supply of retail vendors and he would bring in toddy under passes granted by the

the District Magistrate - The share of the Contract money estimated to be due to the Civil and Military Station might be paid monthly or quarterly into the Resident's Treasury by the Contractor under orders from the Durbar.

7- In regard to beer, the revenue shown in the budget is, Mr. Lyall understands, composed of the duty levied per gallon, but he has no sufficient information as to the locality of the breweries or the system in force; it would seem advisable that, if this is not the case at present, there should in future be separate breweries for the Civil and Military Station and Petta - The District Magistrate will then collect the duty per gallon and the brewery licenses for the Civil and Military station -

8- In the same way, it seems advisable that the wholesale Contract of ganja or other drugs for the Civil and Military station should be separate from that of the Bangalore District from the 1st of April 1884, if possible, but if there is any difficulty as to this, owing to the non-expiry of Contract, it could be arranged that the Wholesale Contractor for the Bangalore District shall supply the retail vendors of the Civil and Military Station under passes, a proportionate share of the annual value of this Contract being paid by him into the Resident's Treasury

and

under orders from the Durbar.

9- The Comptroller's Budget only shows Opium retail license fees as credited to the Civil and Military Station revenue - The Opium revenue consists of these licenses and of the difference between the Cost of the Opium and the price at which it is sold to retail vendors, Mr. Lyall does not understand why this difference was not considered to be creditable to the Civil and Military Station revenues in respect to Opium sold in the Station - It seems advisable that the District Magistrate should in future have a stock of opium and supply the retail vendors of the Civil and Military Station at the same rates as those prescribed for the Petta - He might get this stock of opium which would amount to about one chest a year from the Durbar's stock, if the Durbar will kindly agree to allow him to indent on them and to obtain it at cost price, if however, the Durbar see any objection to this, the Resident will obtain the Opium direct from Indore -

10- The sums entered in the Budget as Stamp receipts are, it is understood, simply the receipts due to sales by licensed stamped vendors in the Civil and Military Station; no change seems necessary in this, but it seems advisable to allow the Treasury Officer of the Resident's

Treasury

Treasury to keep a stock of Mysore Stamps (indenting for the purpose on the Mysore Treasury) and to supply therefrom the Stamp Vendors of the Civil and Military Station - In respect to Commission on the sale of stamps, Care must be taken that the same rules are maintained both for the Civil and Military Station and the Town of Bangalore.

11. A simple order to the Courts and Offices concerned will suffice to ensure the payment from the 1st April into the Resident's Treasury of the receipts under the other heads of Law and Justice, Registry Offices, Police and Medical. In the same way, the duty of making all payments chargeable against the revenues of the Tract can be transferred to the Officer in charge of the British Treasury from the 1st of April 1884, by a simple order to the Officers concerned, issued by the Durbar and by the Resident.

12. As the time is so short, Mr Lyall begs to suggest that the Deputy Commissioner of Bangalore be directed to at once consult with the District Magistrate of the Civil and Military Station and report for your approval what arrangements he proposes to make; the

Resident

Resident will address the District Magis-
-trate and request him to consult the Deputy
Commissioner and report to this office.
Mr. Lyall will also be much obliged if
you will request Mr. Hudson, the Comptroller
of Mysore, to furnish the Officer in charge
of the British Treasury with any necessary
papers or accounts, and to instruct him
as to any measures he should take in
regard to the additional work which
the change will impose upon his
establishment.

I have the honor to be,

Sir,

Your most obedient Servant.

H. Wylie

Assistant to the Resident.

№ 757. I.

1/a

From

The Officiating Secretary
to the Government of India.

To

The Resident in Mysore.

Dated Fort William, the 28th February 1884.

Foreign Department
Finance

Sir,

I am directed to acknowledge the receipt of your letter, № 2110/337, of the 7th January 1884, regarding certain points on which information was required on the subject of the revenues of the Bangalore Civil and Military Station in connection with the Budget Estimates for the year 1883-84.

2. I am now to inform you that the Government of India are pleased to accept the Budget Estimate of receipts and disbursements of the Civil and Military Station of Bangalore for the financial year 1883-84, submitted with your letter № 613/100, of the 26th June 1883, and I am to request that a Budget Estimate for the year 1884-85 may be submitted for the consideration of the Government of India with the least possible delay.

3. I am further to convey to

the following instructions regarding the revenues of the Assigned Tract, known as the Civil and Military Station of Bangalore

(1) From the 1st April 1884, being the commencement of the Financial year, all receipts on account of the revenues of the Assigned Tract should be paid into the British Treasury at Bangalore, and all payments on this account made from the same, in the same manner as the receipts and expenditure of the Residency-

(2) You are requested to make — arrangements, as early as possible, for the collection of the revenues of the Assigned Tract through British Officials, instead of through Mysore Officials, as has been hitherto done. This arrangement also should take effect from the 1st April 1884.

(3) The accounts of the Assigned Tract revenues and expenditure should be rendered to, and audited by, the Account=ant General of Madras.

4- I am to add that, pending final decision as to the ultimate disposal of the surplus revenue accruing in the Assigned Tract, the Government of India agree to the amount now in Treasury of the Mysore State, which is reported to have been at the close of the year 1882-83, Rupees 3,49,067-15-3, remaining in deposit in that Treasury. The question raised

in

in your letter No P. 1 of 13th February 1884, as to the disposal of the surplus, is under the consideration of the Government of India. –

I have, &c,

(Signed) H. M. Durand

Offg Secretary to the Government of India.

Copy.

R. H. Ismes.

Registrar.

not available in
No. 1. The reg.

Office of the Dewan of Mysore (2)

Camp Mysore 1st April
1882.

To

The Resident
in Mysore

Sir

CAM
1/4/82

Adverting to your letter No. 2715/539 of the 15th ~~June~~ ultimo, I have the honor to inform you that all needful arrangements have now been completed for the collection of the revenues of the Civil and Military Station of Bangalore from this day, by Officers appointed by you instead of by the Durbar Officers as hitherto.

2. The villages included in the assigned tract together with a copy of the village maps and accounts for 1883-84 will this day be handed over by the

Commr. of Bangalore to the Collector and Magistrate of the Civil and Military Station - A list of the village Servants with their emoluments will also be furnished to that Officer, and the village Servants will be instructed to make their reports from this day to the authorities of the Civil and Military Station -

3. A copy of the Survey and Settlement Statement no 1 "Khétwar Patrak" will at once be sent to the Station Officer, and duplicates of the other Settlement papers, which are now in course of preparation, will also be sent as soon as possible to that Officer for record in his Office

4. The Superintendent of Revenue Survey has been requested to make copies of

the Village maps, and these, when ready, will also be handed over for record in the office of the Collector of the Station.

5. The Dy Comr of Bangalore will this day furnish to the Collector of the Station a statement shewing all arrears of revenue remaining uncollected up to this day, and steps for their collection have to be taken by the Station authorities.

6. Of the villages comprised within the Civil and Military Station, those marginally noted are entire villages, no portion of which is included within the jurisdiction of the Mysore Durbar — Of the 5 other villages,

1. Domlur
2. Halasur
3. Kuppasandra
4. Dukanhally
5. Byadarhally Railway ground
6. Kayungutta Dodkunté
7. ~~D~~ Dodkunté Burial ground.
8. Dodkunté Railway ground
9. Kayungutta Bimmanagle
10. Sarvamangla Halasandra
11. Jodi Sonnankally

(1) A K Ki Timmankally, with the exception of 3 fields Nos. 8, 9 and 10, is within the

Station limits. The fields in question will be added to the adjoining Mysore village of Agrahara Iminasandra.

(2) Sampigehally - Only two Kharab numbers of this village are within Station limits - No separate Shanboque or accounts for these numbers are required; and they may be added to the adjoining Station village -

(3) Upparahally - Ten fields belonging to this village are within Station limits; and they may be added to Bilakahally village nearly the whole of which is within Station limits -

(4) Bilakahally - Two numbers, 27 and 28, of this village are alone within Mysore jurisdiction and they will be added to the village of Upparahally.

(5) Kayguntta Byadarhally - ~~Pay~~ This a Kayguntta revenue

of Rs. 378-13-0- a portion of the village is within Station limits, and the remainder within Mysore jurisdiction. The Superintendent of the Revenue Survey has been requested to ascertain the proportion ~~of~~ - aka Gutta amount apeesable on the portion within Each jurisdiction - The part of the village within Station limits may conveniently be treated as a separate village by itself.

9. Thus it will be seen that the Assigned Tract will consist, for the purpose of revenue management of the 11 entire villages specified in Paragraph 6 above, together with 3 other villages adjacent above, viz. Akki Ja.

Bilakahally and part of
Kaygungutta Byadarahally.

8. Beyond the village
servants above referred to,
there are no other revenue
officials ~~specially~~ employed
by the Durbar, for the
assigned tract -

11 9. The Officer in charge
of the Resident's Treasury
will be supplied with
the required stock of
Mysore Stamps. As these
stamps are sold, either
directly or through licensed
Vendors, the proceeds of
such sales will be received
by him and credited to the
accounts of his Treasury.

A Statement of Stamps
ceived & sold has to be
rnished by that Officer,
the Superintendent of
ps in Mysore for
poses of account, and
Hudson will submit

ll be required from

a form for such a state-
-ment. The Stamp Duty
and penalty recovered
by Courts within the Civil
and Military Station will
also be sent to the Resident
Treasury by the Courts
concerned.

As remarked by you
the Rules as to commission
on sale of Stamps will be
the same in both the States
and the adjoining Mysore
Territory, and it may
perhaps be necessary
hereafter that Stamps
supplied from the Mysore
Stamp Department
to the Resident's Treasury
should have some dis-
-tinguishing mark on
them. This can easily
be arranged hereafter

11. The Departments
concerned have been
directed to remit to the
Resident's Treasury, as
received, the Mysore

receipts from Registration, Law & Justice, Police and Medical.

12. The Comptroller has been requested to arrange, in consultation with you, for the disbursement by your Treasury of all distinct and separable charges of the Civil and Military Station falling due after the 1st of April 1884.

13. All general charges of which proportionate amounts are debitable to the Station, no calculation need, as observed by you, be now made, pending the final disposal by the Govt. of India of the question of the Surplus revenue.

14. There is a Travellers' Bungalow within the Cleared Track - It will be convenient to transfer

this to the Station authorities
the pay of the Establish-
-ment up to this day
being disbursed by Mysore
A valuation of the furniture
buildings, &c., might be
made and the amount
thereof credited to Mysore.

14. Monthly Muzarai
payments amounting to
Rs. 21-13-0 as per list
furnished by the Dy Comm.
to the Station Officer, have
to be made from the Resi-
-dent's Treasury hereafter.
A sum of Rs 800/ per
annum payable on account
of Govindu Chetty's Chatram
near the Madras Railway
Station is also a fair
charge against the Station
Revenue.

15. Sandalwood, as
you are aware, is an

important State mono-
-poly in Mysore. The
value and number of
Sandal trees in the
assigned tract are indeed
extremely insignificant,
but if the right of cutting
them is not allowed
to remain with the Mysore
Forest Department, it is
apprehended that there
might be an opening
for smuggling as Sandal
may be cut anywhere
outside the assigned tract
and brought thereinto
for sale. It would be
difficult to detect or
prevent this, unless the
same agency is employed
for collecting the wood
both in & outside the
Station. If the Mysore
Forest Department is
allowed to work the Sandal

within the Station limits,
such accounts as you
may desire will be
furnished to you and
the proceeds of all wood
obtained from the Station
will be duly handed
over to your Treasury -
I hope that you will be
able to make this arrang-
ment with regard to
Sandal -

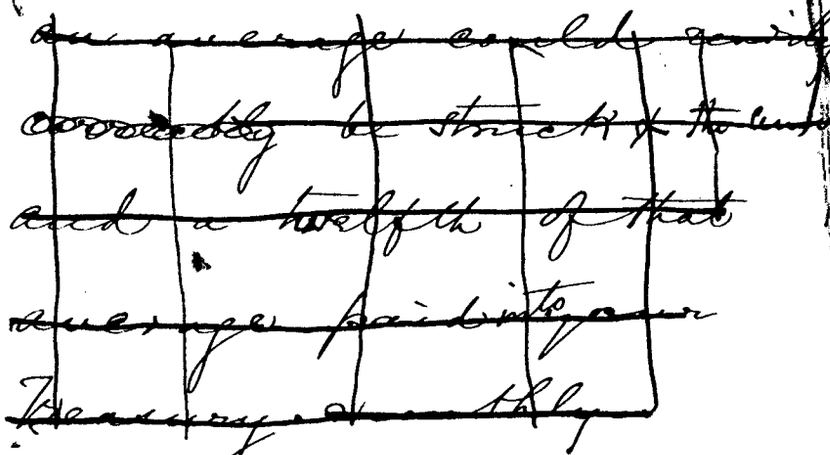
16. As regards the
Excise, a complete change
of the existing system
is attended with considerable
difficulty. Colonel
Macdonald Smith and
Captain Macintire
appear to be of the same
opinion - Hereafter, if
a separate Contract be
given in the Assigned
Track for any article
of Excise, it would lead
to endless friction and

constant smuggling;
it will be necessary to
maintain a large esta-
-blishment in both
the Station and the Town
Also ~~If~~ no adequate
check on the breweries
~~would~~ be established,
~~and~~ unwholesome beer
will be produced and
sold at a cheap price,
with the result of certain
loss of revenue under
other heads of Excise.

~~If~~ On the other hand
if the present system
whereby the Excise revenue
under all heads is
managed by the Mysore
Govt be allowed to
continue, ~~any~~ arrangements
can easily be made for
paying into your treasury
the ~~proceeds~~ revenue
realized within Station limits.

17. The District Magistrate of the Civil and Military Station is a Collector under the Opium and Excise Acts, and is also a Superintendent of the Excise and Opium Revenue - The Head Supervisor and other Subordinate Excise Officials of the Bangalore Dt. have been invested with powers of inspection and arrest within Station limits - These powers may, with advantage, be continued, as without them proper supervision will be a work of very great difficulty - An official of the status of a Shekdar or even a

are ordered to keep a list of casks brought into their wholesale shops within the Station limits,



(c). The present arrangement under which Brewers of beer are supplied with blank Passes is not quite satisfactory as there exists no sufficient check on the issues or duty – I think it will be necessary to provide passes for fixed quantities – The quantity issued within the Station can be separately shewn in the accounts and the duty collected paid monthly into your

(d) Ganja. The present Contract expires on the 31st March 1886, and the separation of this item as regards the Station, before the expiry of the Contract, is therefore not convenient. The Contractor can however be required to issue to the Retail Vendors in the Station only when authorized by Passes ~~to be~~ granted to him. Upon the Contractors monthly statement ~~submitted by him~~ shewing separately the quantity issued to Retail Vendors within the Station limits and within the Town and District, the proportionate Contract amount due to the Station can be calculated & paid into your Treasury at the End of each month.

(2). Opium. The difference between the cost of Opium imported and the price realized by sale to retail vendors is no double a portion of the Opium Revenue; but hitherto this has not been shewn separately with reference to the place of consumption. The Durbar will supply the Superintendent of Excise of the Civil and Military Station at cost price the stock of Opium required for issue to Retail Vendors within the Civil & Military Station. If that Officer will under yr. Orders issue the Opium at the same rates as those prescribed for the town and collect the price as well as fees for licenses issued by him, no further

arrangement will be required as regards this item of Excise Revenue -

19. After my return to Bangalore early next week, I shall place before you a Memorandum shewing in detail the proposed arrangements for the separation, and for the payment into your Treasury, of the Excise Revenue, ~~of the Civil and Military Station~~ under each head - ~~The payments will accordingly be made, upon the proposed arrangements, from the beginning of next month.~~ ~~In the meantime, I have written this letter as a brief account of this matter~~ In the meantime, I have the honor, by means of this letter

to place before you
the General views of the
Durbar ~~as regards the~~ on the Subject of the
~~required~~ separation of
the Excise Revenue of
the Civil and Military
Station, and to assure
you that His Highness'
Govt will cordially cooperate
with you so as to enable
you, at once to carry out the
orders of the Govt. of India,
in any way which you
may regard as satisfactory
& Consistent with all
interests involved.

Thanks.

J. April 1884

To.

The Dy. Comm.r
Bangalore Distt.

Sir,

In forwarding for your information and guidance copy of letter No. 1 of the 1st. Instant to the Resident in Mysore, in regard to the collection of the revenues of the Civil and Military Station of Bangalore by British Officers, I am directed to request your special attention to the arrangements specified in paras 2, 3, 5, 13 and 14 thereof. If the information therein referred to has not already been furnished to the Officer in charge of the Civil and Military Station, I am to request that you will immediately furnish the same to him.

2. Referring to para 19,

I am to request the early preparation of a Memo embodying in full detail all arrangements required for the Separation of the Excise Revenue of the Station - You are already in possession of the Dewan's views on the subject, and it now remains only to draw up a Memo providing for all contingencies.

I have &c.

No. 114/19

Office of the Resident in Mysore

Bangalore, 10th April 1884.

To.

The Dewan
of Mysore

Sir,

Adverting to your letter No. 1 of the 1st instant, I have the honor, by desire, to forward for the information of the Durbar, the accompanying copy of a Note by the Resident in reference to the arrangements proposed for the collection of the revenues of the Assigned Tract by British Officers and for the payment of the collections into the Residents Treasury, and in so doing I am to say that subject of course to any alterations which the Resident may be directed to make when he reports his arrangements to the Government of India, he proposes to issue orders to the effect described in the Note, and as it is necessary for him to give immediate instructions to the District Magistrate and other Officers of the Civil and Military Station, a copy

of the Note has been sent to them for present guidance and report. The arrangements described in the Note agree, it will be seen, in almost every respect, with the suggestions contained in your letter above quoted. Mr. Lyall hopes, therefore, that you will accept them and issue the necessary orders to your Officers; but Mr. Lyall will be glad to consider any amendments you may have to propose. It is however hoped that any amendments that seem necessary will be proposed as soon as possible.

2 With reference to the last sentence of para 10 of your letter, I am to remark that Mr. Lyall presumes that the suggestion, that it may perhaps be hereafter necessary to put a distinguishing mark on stamps supplied to the Residents' Treasury, is based upon the idea that more stamps are sold in the Civil and Military station than are used in the Civil and Military Station Courts and transactions. The Comptroller of Mysore and Deputy Commissioner of Bangalore appear to

have

have been under that impression, but in discussing the question with me they agreed that this is not likely to be the case except to a very trifling extent. If a distinct stamp be ever found necessary Mr. Lyall considers that the simpler way will be for the Civil and Military station to use British Stamps without the word "Mysore" printed across them, but such distinction would be very troublesome to the public of Mysore and the Civil and Military station, and the Resident hopes it will not be found necessary to make it.

3- In respect to the difficulty of separating completely the excise arrangements of the Civil and Military station and the Bangalore District, Mr. Lyall is not prepared to admit that separation properly arranged must lead to end-less friction and suggesting but in regard to Toddy there would always be difficulty, and owing to the non-expiry of certain contracts including the Civil and Military Station it is certainly advisable to defer the con-sideration of Complete measures of separation for the present. As the present Contracts expire the question

of the advisability of further separation can be discussed for each item — separately, with the experience of the working of the system now inaugurated, which the authorities of the Civil and Military Station will by that time have gained. —

I have the honor to be,
Sir —
Your most obedient Servant,

A. Wylie

Assistant to the Resident.

J.D.

Note by the Resident on Dewan's letter No 1 dated 1st April 1884 and District Magistrate's letter No 2/1 dated 31st March 1884.

As regards the land revenue the orders passed and arrangements proposed by the Dewan seem appropriate, the District Magistrate should be informed that I approve of these arrangements and that I appoint him to be Ex Officio Collector and the 2nd Magistrate and Treasury Officer to be Ex officio Amildar of the Civil and Military Station, and empower them respectively to exercise for the Civil and Military Station all the powers of a Collector and Amildar in accordance with the Land Revenue Laws and Rules in force, which at present are the same as those in force in the rest of the province of Mysore which is administered by the Durbar.

2. The following Revenue Establishment will be required, and will be entertained in anticipation of the sanction of the Government of India by my orders:-

1 Revenue Inspector on Rs 25 per mensem.
1 Gumasta on Rs 20 — " —
1 Peon on Rs 7 — " —.
2 Peons at Rs 6 each — " —.

As Amildar, the 2nd Magistrate will have to do under the Collector the jamabandi

jamabandi work of the villages and keep the accounts of collections for each village. As he is also Treasury Officer of the Station these collections will of course be paid by the Potels direct into the Treasury. The Gumasta will keep the accounts of the collections, and the Revenue Inspector will assist in collecting the revenue, and ~~in~~ jamabandi work, as Shekdars do in Mysore and Revenue Inspectors in Madras districts. The Revenue Inspector will also carry out the Collector's orders in such matters as collection of Carts for Troops &c. The peons will work under the Revenue Inspector in serving Revenue Notices and other miscellaneous work. The District Magistrate should appoint men to these offices as soon as ~~it~~ may be convenient, taking care to get the men best qualified for the special work, who are available. He should report for ~~the~~ confirmation of this Office the man selected for the post of Revenue Inspector.

3. The District Magistrate as Collector should take charge of all the land revenue records and papers which the Deputy Commissioner of Bangalore or the Superintendent of Revenue Survey will make

over

over, and should keep those which he ought to keep as Collector and make over to the 2nd Magistrate those which the latter ought to keep as Amildar - Proper separate racks or almirahs should be provided for these papers. a report should be submitted to this Office presently detailing the papers received and saying whether the list appears to be complete and the papers correct. The statement of arrears of revenue which is promised should be sent up to this Office for information when received -

4. The District Magistrate should ascertain what periodical revenue statements and returns are submitted by Deputy Commissioners in Mysore to the Dewan and should in future submit them to this Office as Collector of the Civil and Military Station - He should also submit a short Annual Report -

5. Now that the District Magistrate has become Collector & Revenue of all kinds, the Officer in charge of the Resident's Treasury into which the revenue will be paid must take the place subordinate to the Collector which Treasury Officers hold in other districts. — The District Magistrate and Collector will be responsible for the Treasury management to the extent to which Collectors of Districts are responsible and will count the Cash, Stamps &c, once a month.

6- As to stamps, I approve of the Dewan's proposals - The Treasury Officer should be directed to indent from time to time on the Superintendent of Stamps, Mysore, for supplies of stamps - The Collector should see that there are proper almirahs to keep the stamps in in the inner room of the Treasury - The Treasury Officer should send his sale and stock accounts of stamps to the Accountant General of Madras - The Superintendent of Stamps, Mysore, will send through this Office to the Accountant General, Madras, his returns of stamps supplied to the Treasury Officer.

But the Supt of Stamps, Mysore, is not a subordinate of the Collector of Bangalore. This is necessary for purpose of audit & check -

7- A Notification appointing the District Magistrate to be Collector of Stamps under the Stamp Act should be sent to the Government of India Gazette.- As Collector of Stamps he should send us an Annual Report of the administration of the Stamp Act with the returns of sales &c for inclusion in the Civil and Military Station Administration Report.

8- The Stamp vendors' agreements or Security bonds should be revised by substituting the District Magistrate and Collector of the Civil and Military Station for the Deputy Commissioner of Bangalore.

9- In respect to the Dewan's para 11 the Registrar and the Sub Registrar have been directed to make their remittances

to

to the Resident's Treasury from the 1st of April - The monthly statements which the Sub Registrar now sends to the Deputy Commissioner of Bangalore will be sent to the Collector of the Civil and Military Station, who will have them compared with the treasury receipts - The District Judge is Registrar for the Civil and Military Station and cannot be also Inspector General nor can the Resident under the law himself assume the duties of Inspector General - I propose therefore, with permission of the Durbar and Mr Hudson's Consent, to appoint Mr Hudson Inspector General of the Civil and Military Station till other arrangements can be made: he has done the work hitherto as Inspector General for Mysore - If this is arranged, the Registrar will submit the Annual report, as before, to Mr Hudson who will pass it on to this Office - The report after examination in this Office will be sent to the Collector who will certify that he has compared the demand by the returns with the actual Cash receipts of the Treasury -

The Durbar Consents to this arrangement by -

Why not make a similar arrangement regarding Stamps - As Mysore Stamps alone are used in the Cantonment Station the Mysore Supdt of Stamps might with advantage be the Supdt of Stamps for Cantonment Station - by

10 - The Law Courts of the Civil and Military Station and the District Superintendent of Police will send their statements of fines and Miscellaneous receipts which they have hitherto sent to the Comptroller of Mysore to the Accountant General Madras, who will check from them the treasury accounts -

11 - The Medical receipts are, it is believed, all from the Bowring Hospital and Dispensaries which are now Municipal Institutions, so the receipts will be credited to

to municipal funds and will be checked by the Municipality -

12. In respect to the Dewan's para 12, the Comptroller of Mysore has made over to the Treasury Officer of the Resident's Treasury his Audit registers for the Civil and Military Station - The Treasury Officer will be guided by these, and will refer to the Comptroller for any further information required - The Accountant General, Madras, has called for lists signed by the Assistant Resident shewing the present sanctioned Establishments of all Kinds: these will be prepared from the Audit registers

13 - In regard to the Dewan's paras 13 and 14, the District Magistrate and Collector will take charge of the Travellers bungalow in the Civil and Military Station - I sanction the Establishment being maintained on the present scale and paid - I also sanction the continuance of the charitable munrai payments aggregating Rs 21/13 per month, and the payment of the annual allowance for the support of Govindu Chetty's Chuttrum - The files containing the original orders ~~Conferring~~ these grants should be obtained and sent up for information -

14. As to the Dewan's para 15, Sandal-wood is, by the Mysore Forest Rules of 1878 and by ancient custom of the country, State property wherever it may grow, whether in

in private lands or in public places and it is necessary to maintain this right in the Civil and Military Station to prevent sale of smuggled sandalwood in the Civil and Military Station. For the same reason it is advisable to allow the Deputy Commissioner of Bangalore to continue to manage the exercise of the State rights in sandalwood within the Civil and Military Station. An order will be issued from this Office to the effect that with the consent of the Durbar the Resident authorizes the Deputy Commissioner of Bangalore to manage on behalf of the British Government the exercise of state rights in sandalwood in the Civil and Military Station in accordance with the existing Forest Rules and directs him to account for all wood obtained and sent to the Durbar's Sandalwood depôts and to pay the proceeds into the Resident's Treasury.

Thank is the note forwarded by

15. With regard to paras 16 and 17 of the Dewan's letter, I agree that it is not advisable to make any change at present in the staff which supervises the Excise of the Civil and Military Station. The Resident has already appointed the District Magistrate of the Civil and Military Station Collector and Superintendent under the Opium and Excise Acts and has conferred in the same way powers of inspection and prosecution on the Head Supervisor of the Durbar's Sudder Distillery at Bangalore and on certain

Certain other subordinate officers of the Dunbar's Excise Department - till other arrangements are made, and at all events till existing liquor and drug Contracts are terminated, these officers of the Dunbar's Excise Department can continue to do the work of check, inspection and prosecution in the Civil and Military Station - It must of course be understood that within the Civil and Military Station they will work under the orders of the District Magistrate and outside under the orders of the Deputy Commissioner of Bangalore. If the District Magistrate and the Deputy Commissioner take care to work together, no difficulty will occur - The District Magistrate in Communication with the Deputy Commissioner should draw up detailed instructions to the Head Supervisor and his subordinates who have duties in the Civil and Military Station shewing what work they are required to perform in it, and what reports and returns they must submit - I consider also that it is advisable to decide at once what proportion of the pay of these men should be charged against the Excise revenue of the Civil and Military Station and that of the Bangalore District respectively -

This must be in the hands of the Collector Rev & the Dist. Rev. by 15/4

16. As to the Dewan's para 18, clause a,

understand that he agrees to the proposals regarding arrack contained in para 5 of my letter to which he was replying - By that proposal the Contract which has been granted by the Dewan and which, with my Consent included the Civil and Military Station, will not be disturbed during its duration, but the authorities of the Civil and Military Station will have no Concern with the minimum guarantee by which the Contractor is bound to the Durbar and will simply receive the full duty on liquor brought within their limits - But after consulting the Dewan and the Deputy Commissioner of Bangalore, I think it will be better not to make the Contractor (as I originally proposed) pay the duty direct into the Residents' Treasury - It will be safer to leave to the Mysore Authorities the business of forcing their Contractor to pay the duty promptly - The District Magistrate and Superintendent of Excise of the Civil and Military Station will bill the Deputy Commissioner of Bangalore monthly for the duty due according to the passes issued, and Deputy Commissioner will then recover from the Contractor and remit the amount to the Residents' Treasury - The Treasury Officer will grant receipts in duplicate to the Deputy Commissioner of Bangalore, who will send one copy to the District Magistrate who will see that the receipts correspond

in

in amount with the bills be sent to the Deputy Commissioner.

17. As regards (b) Toddy, the arrangements described in the Dewan's letter agree with those proposed in para 6 of my letter to the Dewan - The District Magistrate and Superintendent of Excise, Civil and Military Station, will check by his passes, the amount of toddy brought into the Civil and Military Station by the Contractor, and the Deputy Commissioner, Bangalore, will show the District Magistrate the Contractor's accounts of quantities issued to the Civil and Military Station ~~of Bangalore~~ and the rest of the Bangalore District and will determine in communication with him, the proportionate share of the toddy Contract revenue creditable to the Civil and Military Station. For this amount the District Magistrate will bill the Deputy Commissioner who will recover it from the Contractor and pay it into the Residents' Treasury taking duplicate receipts and sending one copy to the District Magistrate, Civil and Military Station -

18. As regards (d) Ganja, till the present ganja Contract expires, a precisely similar arrangement to that for toddy should be enforced

19. As

No 6

The Resident in Mysore

Sir,

Adverting to your office letter No 114/19 dated 10th April 1884, forwarding copy of your note in reference to the proposed arrangements for the separate collection of the Revenues of the Civil and Military Station of Bangalore; I have the honor to inform you that all needful instructions have been issued by me to the Durbar Officers to give effect to the ~~proposed~~ arrangements proposed.

2. A distinguishing mark on Mysore Stamps sold within the Civil and Military Station may cause inconvenience to the Public and the Durbar therefore will always be unwilling to ask for such an arrangement so long

long as there is no material loss to the Provincial Stamp Revenue. In order ~~therefore~~ however to prevent any occasion for using within Mysore jurisdiction Stamps bought within the Civil and Military Station, the appointment of additional Stamps Vendors within Mysore jurisdiction will be necessary. This subject is now under consideration and due intimation will be given to you before any additional Vendors' Offices are opened in Bangalore.

3. The Mysore Government have no objection whatever to Mr. Hudson being appointed as Inspector General of Registration for the Civil & Military Station, as proposed in para 9 of your note.

4. I have issued orders for giving effect to the arrangements in regard to Excise Revenue, specified in paras 16 to 21 of your note. In regard to Arrack, the Contractor is entitled to a refund

refund of one anna per Rupee of duty realized over and above the annual guaranteed revenue. The guaranteed revenue is so high that I do not think that any large refund will however be necessary. In order to protect the State from ~~large~~ possible large payments due to ~~possible~~ an unexpected rise in sales, I beg to propose for your Consideration ~~approval~~ an arrangement for the Civil and Military Station contributing its share of the one-anna refunds payable to the Contractor. Such share can readily be calculated upon the yearly revenue actually realized within and without the Civil and Military Station. Thus for instance, if in any one year the Station Revenue is Rs 5000/- and the Revenue outside the Station Rs 10,000/- the total Revenue would amount to Rs 15,000. Suppose out of this amount Rs 1000/- is

is the Excess over the yearly guaranteed amount, and the Contractor is entitled to a refund of 1000 annas on account of such Excess; the amount to be refunded may ~~would~~ come from the Station and Provincial Revenues in the proportion of 5 to 10, that is to say, the Station Revenue should pay 333 1/3 annas and the Provincial Revenue 666 2/3 annas. Such an arrangement appears to me to be reasonable as [illegible]

5. In regard to para 15 of your note, the Deputy Commissioner of Bangalore has been requested to report what proportion of the cost of the Mysore Excise Establishment should be charged to the Civil and Military Station. On hearing from him, I shall do myself the honor of again addressing you on the subject. In the meantime, I beg to observe that the cost of the Mysore Excise Establishment should

should be borne by the Station
and Provincial Revenue
in the proportion of actual
realizations ~~and~~ in each year and that the cost
of the Establishment ~~can~~
is therefore most conveniently adjusted at the
end of each year, as soon
as the actual realizations
for that year are ascertained.
If, on the other hand, you
consider it in any way
important that the Station
share of the cost should be
fixed immediately and
once for all, I shall state my
opinion as to what that share
should be, based upon the
average of the past 3 years.

6. In regard to Beer,
I agree with you in thinking
that the separation proposed
by you will be the simplest.
My only fear is that Beer
may be worked to the preju-
dice of the Arrack Revenue
of the Civil and Military
Stations, and I would
therefore

therefore beg to suggest that
the Collector of the Civil and
Military Station may be
directed to devise in con-
-sultation with the Deputy
Commissioner of Bangalore
a system of proper check
upon the quantity and
quality of Beer brewed and
issued for consumption.
The Head Supervisor and
his subordinates have special
opportunities of testing the Beer
issued and sold, and the
utilization of their services
by the Collector of the Station
will be found to be attended
with advantage to the Station
Excise Revenue.

I have &c.

H. W. Carr

10th May 1884.

No 986
7s.

No 7

To

The Dy Commissioner
Bangalore Dt

Sir,

1. I am desired to forward for your information copy of letter No 114/19 of 10th April 1884 from the Asst. Resident together with copy of an Office note by the Resident dated the 9th idem.

2. It is believed that a statement of the arrears of Revenue on 1st April 1884 has already been furnished by you to the Collector of the C and M Station. You are also requested to furnish to the Collector of the C & M Station

such further information, regarding ~~a~~ past Revenue management and prescribed periodical Revenue Statements and returns as that Officer may require -

3. In the reference to para 13 of the Resident's note, I am to request that you will furnish a statement shewing the Annual Grant of the Coimbatore Collectorate, including the Grant to Coimbatore Chattrams, and quoting the Authority for ~~each~~ such Grant.

4. As the Resident authorizes you to

Sir,

The statement is underpurchasing in my office.

S.N.

manage the Sandal
wood Revenue of the
Coorg Station,
it is necessary that
this Revenue should
be realized and
accounted for se-
parately -

5. As desired in
para 15 of the Re-
sident's note, de-
tailed instructions
should be issued
to the Head Super-
visor and his sub-
ordinates, in regard
to their duties within
the Coorg Station.
A copy of such in-
structions should
be submitted for
the information
of the Durbar -

The Resident prefers an immediate decision in regard to the proportion of the cost of the excise establishment which should be charged to the station. I am to request your opinion upon this point, and a statement shewing the proportionate amount chargeable to the station. Revenue this amount should of course be in the proportion of the station excise Revenue to the total excise Revenue managed by the establishment

in question -

6. As regards excess sales of arrack, it is right in principle that the C & M station should contribute its share of the 1 anna refund payable to the contractor on such sales - Such share can readily be calculated upon the yearly Revenue actually realized within and without the C & M station - Thus for instance if in any one year the station Revenue is Rs 5000/- and the Revenue outside the station Rs 10,000/- the total Revenue would

amount to Rs 15,000/-
Suppose out of this
amount Rs 1,000/-
is the excess over
the yearly guaranteed
amount, and the
contractor is en-
titled to a refund
of 1000 Annas on
account of such
excess, the amount
to be refunded should
come from the Station
and Provincial Re-
venues in the pro-
portion of 5 to 10-
that is to say, the
Station Revenue
should pay 333⅓
Annas and the
Provincial Revenue
666⅔ Annas - Your
opinion is requested
on this proposed
arrangement - in-
structions will

hereafter issued when it is adopted.

7. As regards Taddy the monthly instalment payable by the contractor for the Bangalore D[istrict] should be divided between the Station and Provincial Revenues in the proportion of the actual quantities issued to the Station and the rest of the Bangalore District during the month. The amount payable to the Station has to be calculated for each month in your office, upon the Contractor's accounts and passes issued for the Station

and in communication with the Collector of the Station.

The Contractors accounts should be carefully kept and periodically checked - due safe-guards for the accuracy of the account should be established and reported -

8. The arrangement for Ganja will be the same as for Arrack

9. As regards Beer, the separation proposed by the President is the simplest, but the only fear is that Beer may be worked to the prejudice of other items of excise Revenue - The Head Superintendent and his subordinates should watch & test the Brewers returns within the Excise

Station are a-
test the Beer brewed
and issued for con-
sumption - I am
therefore to request
that you will, in
consultation with
the Collector of the
C & M station, de-
vise a system of
proper check upon
the quantity and
quality issued for
consumption within
the C & M station.

10. An early report
on the questions
above stated
should be submitted
with such further
observations as may
suggest themselves
to you -

11. A monthly ac-
count should be

submitted from your
office through the
Comptroller for the
Revenue information, showing the
amount of excise
Revenue paid the
Residents Treasury
under each head-

Chancellor.

21st May 1884.

To

(8)

Secretary to the
Dewan of Mysore.

Sir,

In acknowledging receipt of your letter No. 986/75 of the 10th. Instant, giving Cover to Copies of the Assistant Residents' letter and its Enclosure, I have the honor to state that the Statement of arrears due from the Villages transferred to the Civil and Military Station, has already been sent, and that such other information as the Collector of the Station may require, will be duly furnished -

Si submitted to Dewan on 17-5-84

2. A Statement of the Muzzroy grants within Station limits has also been furnished and an Extract from the Inam Register is herewith sent, shewing authority for the grant, as also Rai Bahadur Govinda

Chattys' Will and Deed of Trust relating to his Chittrams (both copies for reference. A supplemental list is sent of Inams given to Trimbles & Co, inside the Fort. These were not included in the former list sent, as they were not actually within the limits of the Civil & Military Station.

3. The collection of the Sandalwood in the Station alluded to in para 4. of your letter will be undertaken, as hitherto, by the Forest Department and the Assistant Conservator has been instructed on the subject.

4. As regards the cost of the Distillery Establishment debitable to the Civil and Military Station, it should be observed that the average annual duty realized on the issues of Arrack to the Station, for the past 3 years was Rs: 234365, against Rupees 256971, for the Town and the Districts of Bangalore, Kolar, and Tumkur, worked at a total cost of Rs: 550 a month. The issues for the Station, therefore, very nearly, equalled those for the Town and Mofussil. The present cost of the

7- In the matter of beer, it has to be observed that Messrs Honeynall and Co. who have also some taverns in the Station limits will be put to considerable loss, if they are prevented supplying these taverns from their own Brewery which is in the Town limits - It would be fairer if they are allowed some time, say a year, after which the separation could be made without hardship to them - The supervision of beer will be undertaken by the Distillery Agency as directed; but there being no wholesale Depôts where the issues can be regulated, and no rules &c., such as those in force in the Military Department for testing and passing beer, the quantity and quality of issues cannot be brought under strict supervision - This has to be left to the honesty of the Brewers themselves under present circumstances.

8. Under the orders of the late Chief Commissioner, Revenue Department (Vide Proceedings No. 3362-734 dated 27th September 1879, Mal. 161 para 214) a share of the Octroi Revenue of the Civil and Military Station was hitherto being credited to Government and a sum of Rs: 1042-5-11- has been received through the Residents Office as usual, for the month of April last and credited to the Talook Treasury. This may be taken as -

Sanction desired as
(1) Toddy
(2) Betel leaves
(3) Hay and grass
Comments -

* Submitted
Ans

simply an Export duty and should continue; but definite instructions are solicited -

9. A monthly return of the Excise Revenue paid into the Resident Treasury will be submitted through the Comptroller, as directed -

I have the honor to be
Sir,
Your most obedient Servant,

A Macaulay
Deputy Commissioner

No. 46 Dated 13/14. 5. 84.

Memo: as to the proposed cost of the Distillery Establishment at Head Quarters and the proportionate part thereof which will have to be borne by the Mysore Government and the Civil and Military Station Revenues, hereafter, and other points touched on in the Dewan's Secretary's Letter No. 986/75 dated 10th May 1884, so far as it refers to the Excise Department.

The quantity of liquor which it is estimated will have to be made at the Distillery is given in the Dewan's Proceedings No. 5686/603 dated 4/2/82 and is put down at 2,10,637 Imperial gallons for the new Range. The Civil and Military Station consumed in the year (1882-83) 75,151 Imperial gallons or 36 per cent. The cost of the proposed Distillery Establishment alone, will hereafter be as noted in the margin to meet the wants of the now extended range. It will aggregate a sum of 476 Rs. for the Distillery.

Now

Present	Post		Proposed	
150,	1	H.D. Supervisor maximum pay.	1 25	250

Balance to Distillery Office as at 3/4 Pay Cantonments and Jester Town Peons Civil & Military Station.

low 36 per cent thereof would amount to about Rs. 171 5 - 9. The Jastens Pay and Allowances will amount to Rs. 257/4 As the consumption of the Town and Cantonment stand at 3/281 and 75151 respectively that sum will have to be assigned in proportion also. This will amount to about 42 per cent or Rs. 18. 14. 5 on the Petta and 58 per cent or Rs. 26. 1. 7 on the Cantonment. The total sum the Civil and Military Station will have to bear will aggregate Rs. 197. 7. 4 excluding Establishment at 3 per cent pay to the Distillery officials which will be changed proportionately also and will depend on the number of holidays (being closed days and no work being done on these days.) The percentage cannot be struck on the duty realized, as suggested, but on the quantity of the article manufactured, as represented by the proportion of the consumption, the issues effected to the Station bear to those sent elsewhere in the Provincial ranges pertaining to the said Distillery. The question involved is what is the cost of the Supervising Staff necessary to make a certain quantity of liquor. As the rate of duty also varies between Town and country places

places it would not therefore be a fair
to strike the cost of the article made

Work of Officers in the Station } 2. Pending Publication of
the detailed rules for the
guidance of all concerned, as required by
the Excise Act, under Arrack, ganja,
beer and toddy, as well as under the
Opium Act, by the Head Superintendent (Draft
now in the Press) a note is appended defining
nature of duties to be discharged by the
Superintendent and Testor, the reports to be
sent in, &c., &c.

3. To illustrate practically
how the Excise sales are to be apportioned
and the one anna cess debited to the
Civil and Military Station and other
Provincial parts included in the
Bangalore Distillery range, the Head
Superintendent begs to note below, the aspect
of affairs, based on the past year's data.
The total duty realized (exclusive of
wastage) in 1883-84 was Rs: 5,21,367. Of this
sum the station absorbed Rs: 2,45,161 and
the rest of the Distillery range Rs: 2,76,206
The guaranteed amount was 4,00,000.
The Excise sales amounted to Rs: 121,367.
The following are the proportions the

Excise

of sales be as to the two ranges.

(1) 5,21,367 Rs. : 2,45,161 Rs. :: 1,21,367 Rs. : 57,071 Rs. } To Station.

(2) 5,21,367 : 2,76,206 :: 1,21,367 : 64,296 } To the other places.

4. The one anna cess will amount on the above two sums to (1) on 57071 Rs. 3566; and on 66,297 Rs. to Rs. 4018. The Revenue will thus stand for the station towards guaranteed amount 100090 } Total
Cess sales. 57,071 } 2,45,161

Deduct one anna on 57,071 Rs. = 3,566

Net Rs. 241595

5 Of course, if there be deficit sales under the terms of the new agreement, the same will have to be made good from the "cess." But the net results can always be calculated in a few minutes and thereby one always easy of ready adjustment. It would be to the loss of the Mysore State to waive any of the conditions of the agreement and all must stand applicable to both places though changes in administration be made as has been the case.

Ganja. 6. At present the Head Superintendent issues (sealed and signed) an account and permit book printed

to

to each Retail ganj shop. In the case of Ganja the Renters Official enters the quantity purchased by the Retail Vendor, the rate, date &c. and signs the book. The Vendor books the quantity in his shop account and duly accounts for the same. The Excise Officers compare both and test the accuracy by stock at retail shops. Similarly, the Renters' books ought to be verified with his stock and the sales to render the needful complete, but the form of account both to the Dy Commissioner for his range, and the Superintendent of Excise for the Station limits, has not yet been returned approved of to this Department. This is required by the terms of the agreement to validate the same and by this Department to readily facilitate comparison which the form of accounts kept then by the Renter precluded being done without much labor and time. If necessary they might be sealed and the no. of pages in pap books. certified to by the Superintendent of Excise. The 2nd Magistrate should do the same as regards sealing

the

the Ganja Renters books as is done by him for the arrack depôt books. I do not understand how it is practicable to issue passes for Ganja as the purchases range from 2 to 10 seers according to demand and only small stocks are kept as the men are poor and cannot make large purchases and if they are kept waiting or do not get the needful when they need it, it will be hard lines with them and Government Revenue will suffer in the long run.

Beer. 7. As regards beer, it will not be practicable for this department to effectually work this item unless the Brewers consign their beer to a wholesale depôt first. It should have to be tested and passed for public consumption in the simple and practicable manner the military authorities do for the beer issued to Canteens periodically also the beer should be sent up to the Chemical Examiner for opinion from Brewery Depôts and Retail shops. Facilities for issuing passes check of accounts, &c will

then alone be afforded and the Government get its rights. To paste a pass on the cask and allow the original to remain with the Brewer is utter folly. Fifty or five hundred casks could thus be passed and Government get but the duty one. What reliance can be placed on the Brewers' accounts? nothing. Why should not beer be worked on the guarantee system and tenders invited as is done for the Troops? It is quite practicable. A scheme is being drawn up for the Dewan by the Head Superintendent to effectually work this item. In the meantime, one wholesale depôt should be opened for Town and one for station and the beer consigned there for test and sale to Vendors not as now done direct by the Brewers to Vendors. Passes could then be issued by the Excise Department, weekly or fortnightly to meet the demands of Vendors and stock of accounts kept with the aid of the Tester and an office writer on Rupees 20 monthly. The books can then be overhauled by the Head Superintendent periodically at Brewery, Depôt and Retail shops, as is now done for arrack.

The details for opium are the same as for Ganja except that the Renters functions are

and performed by the Treasury Officer.

In conclusion begs respectfully to add that when transfers from one to another in any business occur the old procedure has been found to work best and should after experience or circumstances render extra precautions or changes necessary they can be gradually introduced to meet the altered state of affairs. If this be not done in the present case, confusion and loss may be entailed on the State, especially in an item like drugs.

con. [illegible]

Note as to duties of Excise Officers—

Tester.

The Tester will keep a diary form (A) to record the result of his visits to the Arrack shops. He will send a copy of this fortnightly to the Head Supervisor on 17th, for that for from 1st to 15th. and from 16 to the end of the month on the 2d. of the following month. Breaches of the rules with a report shall immediately be taken to Head Supervisor for instructions who will direct the matter to be taken before the Magistrate or ask orders from the Collector and District Magistrate if this should be required thereon. The diary of drugs will be modified as shewn in red ink. In proof of his visit, the Tester will initial and date such visit against the corresponding dates in shop books with hour of visit. His visits to the Cantonment must be for 4 days and to the Town 2 days weekly. The 7th day shall be devoted to office work but either in the morning or at night, a few shops should be visited at hap. hazard. The visits should be paid night or morning or mid-day, and not restricted to any particular time or rotation. After visiting a range or group the visit should be repeated once again, to a few here and there, that very day or the next. In fact it will be the Testers

duty to prevent the Vendors counting on his coming as a matter of course. Police aid to secure evidence of Contraband or articles attached for production before Magistrate in proper form, and as required by Law should be fairly sought to legalize all the Testers acts, and prevent a miscarriage of Justice. This course is now adopted by both the Head Supervisor & Tester. This is necessary as no means of Co. are allowed to this Department nor has it a place of safe custody &c. to secure the same untampered with in the interval between attaching and placing before the Magistrate.

An Abstract of the Testers work will be submitted by the Head Supervisor with his quarterly report with such remarks as may be deemed necessary on the working of his Subordinate, or the record in the Diary may call forth, to the Superintendent of Excise, for perusal, and orders if required.

The accounts to be kept and rendered by the Tester are explained.

Head Supervisors work.

The Head Supervisor will visit each Wholesale and Retail shop in his range, once quarterly & at uncertain intervals as often as his other duties will allow him to do so. His quarterly inspection will be as thorough as practicable. His report shall embrace the following heads:—

1. Examination of Accounts

at Distillery, the Treasury Accounts as regards Opium and Renters as regards Ganja with the Depôt and Retail Shops and thus verify the Testers accounts. A summary should be noted in the reports for each head - The same will be done for Beer when this item is placed on a proper footing

II Whether the Stock was kept at Depôts and the Public Demand fully met!

III What was the wastage booked and if fair or not!

IV What were the results of Sales over 55 gallons!

V What were the results of Stock actually found & that booked!

VI What was the test of Liquor at Depôts and how did it affect the results found at Retail shops. Give comparison of average maximum and minimum results!

VII What were the Sales effected on Head Supervisors passes!

VIII Was the Gallon tested, & note result!

IX Was the rates of wholesale and Retail vend properly charged and note results scored

X A Summary of prosecutions effected or other breaches of the Act and rules & Cs should also be noted in this report when found necessary.

XI An analysis of the Testers' Diary should be submitted.

XII An abstract account of the issues from the Distillery to the Military Station should be rendered to the Superintendent Excise monthly as is done for Deputy Commissioners of outlying Districts now.

Drugs

Opium and Ganja

I Statistics for each shop and a summary of the financial results of the Quarterly inspection should be noted

II The conditions of the Seales.

III The condition and quality of drugs vended. Test there of of Opium

IV The state of the accounts at Depôts & Retail shops should be briefly noted.

V The results of the stock taken at Depôt and Retail shops and other important points of the Rules Act &c should also be noticed when breaches occur or when necessary.

The Commissioner
Bangalore Division
Bangalore

No. A.

Deputy Commissioner's Office
Bangalore District.
2d January 1889.

From, The Deputy Commr.
Bangalore District

To, The Chief Secretary
to the Dewan of Mysore.

Sir,

I have the honor to forward herewith draft copy of Notification calling for Tenders for the right to vend and tap Toddy in the Bangalore District, (including the Civil and Military Station) for the next three years, commencing from 1st April 1889.

2. I also forward herewith copy of Memo: No. B from the Head Supervisor, explaining in detail certain modifications that have been suggested in the Notification.

3. After going through the figures with the Head Supervisor, I am of opinion that the minimum guarantee for the sale of about Rupees 40,000/- worth of Toddy in the Civil and Military Station should be fixed at Rupees 12,000/- to be merged in the total for the District. The difference of Rupees 28,000/- is for Establishment, Cartage, Loss by wastage, as well as other incidental expenses, and the Contractor's profits.

4. From this Rupees 12,000/- the Royalty to be refunded from the Civil and Military Station to the Mysore Government should be Rupees 4,900/- calculated at the number of trees required to supply the Station. This amount, however, should be subject to modification yearly, after checking the number of trees actually utilized for the supply of the Station.

I have the honor to be,
Sir
Your most obedient Servant.

C. Narasimha Iyer
Deputy Commissioner

Ref: Not available

Vide Dewans Cir: No. 1431-89 2d Dec. 1888

(10)

Memo: Mr. B. dated 30 December 1886.

Ref: Deputy Commissioner's Memo dated 27 Instant (received on the 28 night) in re changes necessary in existing Toddy Contracts called for in Prov: No. 1431-18 of 22 Dec 1886.

In retransmitting the above, beg to state that the insertion of para 6 will be rendered necessary if the Mysore State is to work the Toddy Contract, through the agency of the Bangalore District Toddy Contractors, to protect its own rights.

2. As suggested in Head Supervisor's Memo No. 568, dated 18th/22nd November 1886, covering copy of Memo: to the Collector in re settlement of Toddy accounts of the current Contract, the following points must be settled ere the Tenders are invited.

(a). To allow the Mysore State to invite Tenders as usual and apportion the amount of the Tender per head of population to (1) the Civil and Military Station, and (2) outside those limits, respectively, less a royalty from the former sum of one Rupee per tree tapped.

(b). The trees needed may be assigned in groups, and those alone utilized, to meet the demand; or, taking the average yield at 3 seers (or some other quantity to be fixed as a fair yield per tree, by trial) as a basis, and strike the number of trees on the quantity consumed in the Station, and fix a Royalty of one Rupee per tree per annum thereon.

(c). The right to vend in the Cantonment may also be fixed at 10 Ships + 15 Pig: Monkey + 12 = Rupees 1800/- yearly on the number of ships now existing, and tenders for any sum over that figure, might be invited for the 3 years, and the Tenderer asked to pay also the Royalty to the Mysore State for the trees tapped (to be demarcated and numbered) to meet the Station demand.

(d). The Resident might invite Tenders for the Station, and enter into any arrangements with the Mysore Durbar, or the Madras Government, to procure Toddy either in the Mysore Territory, or from adjacent Tracts in Her Majesty's Territories by paying for the right to tap. The Toddy in either Case must be brought in under Passes, and be subjected to check, and proper Supervision ere consumed in the Station.

(e). The Contractor should pay a moiety of the cost of any Establishment needed to supervise

The only other addition is in connection with Contractor Keeping and furnishing "true and correct accounts" of the number of trees tapped, and the production and consumption of Toddy at the several places drawn, and to which Contractor is entitled. There have been numerous instances (in which the Contractor is solely interested) successful attempts made to keep back from Government this information. This has been a loss to Government. Government do not know what should actually given yearly, and have paid heavy bills in compensation on alleged losses of Toddy Contractors, on unreliable information for the most part, as it was obtained from interested sources, viz. Amildars, &c. —

Where the Toddy Farm is directly worked by the Contractor, or given over to Sirkar managements are made to tap trees by paying to persons monthly a Salary to deliver a certain quantity, or they are paid so much per pot. In either case, a competent and responsible party belonging to Contractor or Sub-Contractor, takes over the Toddy Each shows what a man can tap out a reasonable number of trees, the number more or less depending on closeness of the trees, the ready means are available the man taking over Toddy, to ascertain the number trees tapped, and verify the truth of the statements made, from time to time. This man keeps an account the distribution of the Toddy produced daily. These Accounts, at hand, or readily available, all the information Government needs. If Government insist on the Returns asked being furnished, frankly, they will be rendered.

The characters of the Sear and Cure are defined as per margin.

Sd J. G. McDonnell.
Head Supervisor.

Y

The Chief Secretary
to the Dewan of Mysore

Sir,

With reference to previous correspondence on the subject of the amount payable to the Civil and Military Station on account of the Toddy Contract Revenue for the whole of the Bangalore District, I have the honor to inform you that I have gone into the question very carefully and have come to the conclusion that Rs: 12,000/- per annum is the amount that should be paid.

2. This sum is calculated in the following manner. The guaranteed amount for the whole District including the Civil and Military Station is Rs: 129,359/- (including Local Cess). The population of the Bangalore District including Civil and Military Station is by the last Census 724,298. The population of the Station is 93,540. The proportion therefore is as 87 is to 13, and the Contract amount on the same proportion will amount to Rs: 16,816/-.

Secretary No. 196 dated 24th May 1884
1/ 351 " 9th July/84
2/ 315 " 22nd June 1885
3/ 6742 " 24th January 1887
387
(Revenue Receipts)

3. But it has to be remembered that there are no data on other Toddy yielding trees at all within Station limits, and consequently for obvious reasons, a royalty should be paid to the Mysore Government. This according to the scale in force in Madras is Re:1/4 per tree per annum. The number of trees required to supply the Station with Toddy, at its present consumption after careful enquiry, I find to be 4888 trees, the royalty thus represents Rs: 4888.

4. This Rs: 16,816 represents the right of the Contractor to vend, and Rs: 4888/4 the tax on trees payable out of this to the Mysore State, therefore in round numbers the amount due to the Civil and Military Station for the past 3 years is Rs: 12,000/ per annum.

5. I would here point out that in the Station, a large amount of Country Malt liquor, viz: over 100,000 gallons is consumed, annually, in addition to European spirits and Malt liquors. This must naturally reduce the

quantity of Toddy consumed there when compared with the rural Districts where such liquors are not obtainable therefore it may be argued that the consumption per head is more in the latter parts, consequently the method of calculation that I have adopted may be said to be in favor of the Station; but at the same time the simplest one.

I have the honor to be
Sir
Your most obedient Servant

A. M. Cumming

Redraft

To.

The Resident in Mysore

Sir,

I have the honor to acknowledge the receipt of your office letter No 97/6486 dated 13th January 1887, and in reply to inform you that difficulties not foreseen have been experienced in carrying out the arrangement made in 1884 regarding the apportionment of the Toddy revenue between the Civil and Milty Station and the remainder of the Bangalore Distt according to actual consumption. (Vide para 17 of your Note d/9th April 1884.) These difficulties consist in our inability to obtain from the Contractor

accurate accounts of
actual consumption
in places outside the
Bangalore City and the
Station; in the system
of subletting by the Contractor
and his inability to get
accurate accounts from
Sub Contractors, and in
the absence of any Esta-
blishment to ascertain
or verify quantities of
Consumption, under a
system under which
numerous sub contractors
draw toddy from specified
date topes and sell at
appointed places. The
subject is still under
Enquiry and I expect
to be able to explain it
more fully in the course
of the next week.

In the meantime, I
beg to send herewith for

your consideration
Copy of a letter No 802 dy
24th Jany. 1887 from the
Dy Commr of Bangalore,
which offers a solution
of the question in a
simple and reasonable
manner. I
have also asked the Compln
to remit to your Treasury
Rs 30,000/ in account,
towards the Civil and
Military Station share
of the Toddy Revenue
under the Contract
which expires on the
31st March Next -

Regarding the Toddy Revenue payable to the Civil & Military Station.

Order sent requesting to forward Rs 6955 by 4/86 vide letter from Resident dated 9th March 1887

Other papers sent to:
with D. D. d/23

D.O. Vide letter received 18th March/87

Bangalore 8 (15)
23d Febr. 1887.

My dear Major Macintire,

I Please read the file of papers herewith sent, of which a note is made overleaf, regarding the Civil and Military Station Toddy Revenue - The original arrangement was that the Civil and Military Station should get a share of the revenue proportionate to the quantity consumed within its limits - See Extracts A.B&C in enclosed file - You agreed to this and issued needful instructions - Vide Extract D. Then the Head Supervisor brought to notice the absence of means to check the Contractors Accounts (Vide Extract E), and asked for production of original account books.

II What I would now like to know is the results of any steps which may have been taken to get hold of the Contractors Accounts, that is to say, I should like to have a statement in the following form immediately, based upon the Contractors accounts, such as they may be -

	No. of Casks consumed in Civil & Milty Station -	No of Casks consumed in Bungalow Dt outside C & M. Station	Total nos Casks consumed in the Bungalow Distt.
1884 - 85.			
1885 - 86.			
1886 - 87. (say up to end of Jan.)			

III Have you ever ~~made~~ had before you a statement of this kind? And if so whether you were in communication about it with the Civil & Milty Station Collector? What is the amount of proportionate revenue payable to the Civil & Milty Station according to such a statement? -

IIII Can you give any good reasons against an arrangement of division of revenue according to quantity consumed? Could you not have enforced the production of accounts under the Contract? Has the Collector of the Civil & Milty Station agreed to division according to population? Kindly give the matter your best consideration and send a reply in detail to enable me to take needful final action, - and also return this letter as I have retained no copy.

Yours very Sincerely
Kotherhadenga

No. 675
6486

From

Major D. ROBERTSON,

Assistant to the Resident in Mysore.

To

The Dewan of Mysore

Dated Bangalore, 4th March 1887.

Sir,

I am directed to acknowledge the receipt of your letter No. 43 dated 23d February 1887 regarding the apportionment of the Toddy revenue between the Civil and Military Station of Bangalore and the Bangalore District and stating that the Comptroller of Mysore has been instructed to remit to the Resident's Treasury Rs 30,000 in account towards the Assigned Tract share of the Toddy revenue under the Contract which expires on the 31st March 1887.

2. In reply, I am directed to say that the Resident awaits the

promised report promised in your
letter under acknowledgment and he
thanks you for the money which you
have directed the Comptroller to
remit on account. I am directed to
add that Mr: Lyall does not quite
understand what is meant by the term
"a royalty" in the Deputy Commissioner's
letter, copy of which you forwarded
with your letter under reply. He is
aware that the Madras Govern-
ment levies any royalty on toddy trees.
He believes that in most parts of Madras
the toddy revenue is realized by the
farm of right of tapping and vend
for certain areas as in Mysore, but
that in Madras Town and certain other
places the system of a duty levied
from the license holder at so much
per tree tapped is followed. This
duty is however an excise duty, not a
royalty. The excise duty on toddy con-
sumed in the Assigned Tract belongs
to the revenue of that Tract, and
the Durbar are estopped by the Instru-
ment of Transfer from putting any

tax or duty on articles brought from
Impose into the Assigned Tract for
Consumption - No tax or duty therefore
can be claimed.

It may however be argued
that the Durbar is the owner of a great
many of the trees from which the toddy
Consumed is supplied, that is to say
the owner of all those which grow on
Government waste lands, and that
though it takes no rent for such trees
from its own Contractors as the rent is
practically included in the excise
revenue, yet in respect to Consumption
in the Assigned Tract it should get
something by way of rent of the trees.
If this is what the Deputy Commis-
sioner means it seems no doubt a
supportable argument in respect to
trees of which the Durbar is the owner
but Mr: Lyall does not know whether
the proportion owned by the Durbar of
the trees from which the toddy supply of
the Assigned Tract is drawn is large
or small, or what is the average sum
which a Toddy Sub Contractor in

Moyore would pay to a private owner of a toddy tree for permission to tap it for a year. Without facts or estimates under these heads it is impossible to judge whether the charge of Rs 4,888 as royalty is fair or not, but at first sight it seems a heavy charge.

4. I am also to add that Mr: Lyall supposes that the amount for which the Contractor has sub-let to sub Contractors for the Assigned Tract can be ascertained. If so this will afford a valuable indication, even if reliable returns showing the sums for which he has sub-let the rest of the District are not available.

I have the honour to be,

Sir,

Your most Obedient Servant

Assistant to the Resident

992/6486 regarding the share
of the C & M. Station in the
Sundry Revenue of the
Bangalore District.

No. 58/2

Office of the Dewan of Aegpore.
Dated Camp Aegpore, 2d April 1887.

To

The Resident in Aegpore

Sir

With reference to your office letter No. 992/6486 of 19th March 1887, I have the honor to state that the Durbar accepts the arrangement referred to in the concluding part of para 3, namely, that the Civil and Military Station share of the Taddy revenue shall be "fixed at Rs 16,706 per annum, inclusive of local Cess for the present contract, namely from the 1st April 1886 to the 31st March 1887, and Rs 17,229 per annum, inclusive of Local Cess, for the new contract from 1st April 1887 to 31st March 1890."

2. In regard to a rent for Taddy trees referred to in para 2 of the letter under acknowledgement it will be seen from the concluding part of my letter No. 49 of the 2d instant that I never meant to press the claim. The Durbar will now waive it, so long as the Civil and Military Station share of Taddy revenue is regulated on the principle of the settlement referred to in the preceding para.

FROM

MAJOR D. ROBERTSON,

ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 18th April 1887.

SIR,

I am directed to acknowledge the receipt of your letter No. 58, dated 2nd April 1887 accepting the arrangement proposed by Mr. Lyall for apportioning the Toddy revenue between the Civil and Military Station of Bangalore and the District of Bangalore

2. In reply, I am to observe that according to the above arrangement the Toddy revenue of the Civil and Military Station of Bangalore for the 3 years, viz 1884-85, 1885-86, and 1886-87, at Rs 16,706

a year, will amount to Rs 50,118, of which Rs 30,000 has, the Officiating Resident learns, been paid into the Resident's Treasury, leaving a balance of Rs 20,118, still due by the Durbar. I am accordingly to request that you will be so good as to issue the necessary instructions for the payment of the balance referred to into the Resident's Treasury at an early date.

3. With regard to the payment of the Jodhpur revenue for the ensuing 3 years, 1887-88, 1888-89 and 1889-90, I am to enquire whether it will be inconvenient if the annual amount, namely Rs 17,229, payable yearly in future, were remitted to the Resident's Treasury in four equal instalments of Rs 4,307-4-0 each, on the following dates, namely, 10th June, 10th September, 10th December and 10th March of each year and to request that if possible this arrangement

arrangement, which will facilitate the keeping of accounts and enable each year's revenue to be credited in the year for which it will be due, be carried out.

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 3rd November 189[illegible].

SIR,

I am directed to refer you to the correspondence endin
with your letter Camp No.392 dated the 11th October 1890, regardin
the share of the toddy revenue for the Civil and Military Station
of Bangalore for the years 1890-91 and 1891-92.

2. I am to ask you to submit proposals for fixing this sh
for 1892-93 and onwards.It is not known in this office whether th
toddy supply for the Bangalore District from 1st April last has
been given out on contract and whether such contract includes th
Civil and Military Station.If it be so, I am to suggest that the
share of the Civil and Military Station be fixed in the proporti
of its population to that of the Bangalore District.

I have the honor to be,

Sir,

Your most obedient servant

First Assistant to the Resi

8631/1

No: 15124 / R.F. 195-92 D/14-3-93 / 15

To

The First Assistant to the Resident, in Mysore

Sir,

Adverting to your letter No. 3562/648-86 dated 3rd November last requesting submission of proposals for fixing the share of the Toddy Revenue of the Civil & Military Station of Bangalore for 1892-93 and onwards, I am directed to explain that the principle of division in proportion to population still holds

holds good.

2. Only a slight change in the method of realising the revenue calls for a slight change in the manner of payment of the quota due to the Civil & Military Station.

3. Hitherto the right of drawing and selling Toddy used to be farmed out in a single farm for the entire District, with the result that the farmer was a large capitalist furnishing heavy security. Thereby, the amount

agreed

agreed to be paid by him
was practically the
amount actually realised
and ~~therefore~~ was taken
as the amount to be
distributed between the
~~Durbar~~ Myndtate and the Civil
and Military Station.

4. From the current
year, however, the Dis-
and Taluk have been
broken up into smaller
and convenient circles
so as to allow of the
men who are more im-
-mediately concerned with
the business coming
forward to take it from
Government Direct,
instead

instead of through inter-
- vening large Contractors.
These are men of smaller
resources and therefore
the revenue guaranteed
by them is sometimes
not the revenue actually
realised. For purposes
of payment to the
Civil and Military
Station, the revenue
actually realised has
to be taken as the basis
of Calculation.

5. With a system of
small farms as above
mentioned, the necessity
for maintaining a
small

small establishment for inspecting and Conserving the Toddy groves, and collecting the Toddy Rev. has become necessary. A proportionate charge on account of these establishments will have to be deducted from the gross revenue before the net revenue available for distribution can be determined

6. Lastly, there has been a change in the method of reckoning the Revenue & Fin. Year. As reckoned in the Civil & Military

Station

Station, it ends on 31st March. As it is now reckoned ~~by~~ by the ~~Durbar~~ Imperial State, it ends on 30th June. To avoid Confusion in the accounts, it seems necessary ~~that~~ the payments to be made to the Civil & Military Station should be reckoned Quarterly, instead of annually, as the Quarters of the year as reckoned in both the ways above mentioned are Co-terminous, while the

the years themselves are not. The Durbar trust that this will meet with the Residents' approval.

7. Under such circumstances, the Excise Commissioner in Mysore has been requested to prepare and submit a return for the three quarters ending on 31st Dec. last. On its receipt, the payment due for that period shall be adjusted at once. A supplementary return for the Quarter ending on 31st instant has been called for and can be submitted by the Excise Comm

Commissioned only after the 15th April, up to which the Revenue instalments for March are payable by the ~~Landy~~ Farmers. The Quota payable to the Civil & Military Station for the Quarter ending on 31st instant can therefore be adjusted next months, or in the early part of May.

Sir

I have the honour to forward for information copy of my letter No. 214 / R. 195-92 dated 14/15 March 93 to the First Assistant to the Resident and to request that you will be so good as to furnish (1) actual receipts of the Bangalore District & (2) Actual Expenditure on account of the Bangalore District.—

from 1st April 1892 upto 31st ~~January~~ Decr 92 supported by the Treasury Officer's Certificate. The actuals (1) and (2) will be divided between the Civil and Military

Regarding the Estimate Share of Toddy Revenue payable to the Coorg Station

Station and the rest of the District in proportion to population and the cost of the Civil and Military Station paid at once

2. A Supplementary Statement for January February and March 1893 should be submitted on or before the 30th April 1893.

3. I am further to request to be furnished with your opinion whether under the existing system of farming the Toddy Revenue, the proportion payable to the Civil and Military Station should be calculated as heretofore, viz

Population of Dt including Cons : Population of Cons : Rev of Dt including that of Cons : Revenue of the Cons.

or whether it should be calculated thus: -

Population of Bangalore Dt including that of Cons : Population of Cons : Rev. of the Bangalore Dt including that of Cons : Revenue of the Cons

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 30 March 189 .

SIR,

In reply to your letter No. ~~1514~~ 1524 -R.F.1896.98 dated the 14th March 1898, I am directed to convey the Resident's sanction to the proposals made by the Durbar for fixing the share of the toddy revenue of the Civil and Military Station of Bangalore for 1898-99 and onwards and for the payment thereof.

2. I am, however, to observe that the Resident's previous approval should have been obtained to the changes effected in farming out the right of drawing and selling toddy by breaking up the District and Taluk into smaller circles, as the change necessitates the entertainment of a small establishment, the proportionate cost of which will be charged against the toddy revenue of the Civil and Military station.

I have the honor to be,

Sir,

Your most obedient servant.

First Assistant Resident.

No. 6639 / 372
(Exc 3)

Excise Commissioner's Office
Dated Bangalore 26th June 1893.
29

From,

The Excise Commissioner
in Mysore.

To,

The Chief Secretary
to the Dewan of Mysore.

Sir,

With reference to your letter No. 15215 / R. A. 195-92, dated 14th / 15th March 1893, I have the honor to forward, herewith, the statements of actual receipts on account of Toddy revenue and actual expenditure in the Bangalore District, from 1st April 1892 to 31st December 1892, received from the Deputy Commissioner, Bangalore District, and Comptroller of Mysore.

2. The proportion of Toddy revenue payable to the Civil and Military Station, as calculated in the two different ways shown

shown in the above Proceedings, is as follows: —

(1) Population of the District including the civil and military station	Population of the civil and Military station	Revenue of the District including that of the civil and Military station	Revenue of the civil and Military station
		Rs as. p	Rs as. p
802994 :	10081 ::	117607-3-4 :	14657-15-2

---

(2) Population of the Bangalore Taluq including civil and Military station.	Population of the civil and Military station	Revenue of the Bangalore Taluq including that of the civil and Military station.	Revenue of the civil and Military station
		Rs as. p	Rs as. p
269683 :	10081 ::	34773-7-4 :	12904-10-2

3. As the Toddy rent farm of the Bangalore Taluk including the city and civil and Military station, was separately sold under the present system, I am of opinion that the revenue payable to the civil and Military station should be calculated in proportion to the population of the Bangalore Taluk. Accordingly the quota of the civil and Military station from 1st April 1892 to 31st December 1892, is Rupees 12904-10-2.

4. The Toddy establishment, the proportionate cost whereof is debitable to the civil and military station, is as follows: —

1. Toddy Inspector, Bangalore Taluq ... Rs 15+10=25
1. —— Do —— to look after the Bangalore date groves in the Kankanhalli Taluk } 15+10=25
1 —— Do —— Do —— in the Hunigal Taluk 15+10=25
3. Peons ——— 18
Contingencies ——— 3

Brought over Rs 96 — — —

1. Clerk in the District office out of 4 hands — — — — } Rs 20 — — —

Per month Rs 116 — — —

For nine months from — — 1st April 1892 to 31st December 1892 } 1044 — — —

The proportionate cost to be charged to the Civil and Military station is Rs 387-6-11, as per particulars below: —

Revenue of the Taluq.	Revenue of the civil and Military station	The actual cost of the Taluq including civil and Military station	The proportionate cost to be charged to the civil and Military Station.
34773-7-—	12904-10-2	1044-—-—	387-6-11

5- Deducting Rs 387-6-11, the net revenue payable to the Civil and Military station is Rs 12517-3-3, for which a bill is herewith submitted for sanction and transmission to the Comptroller for audit.

6. Supplementary Statements for January, February and March 1893, called for in para 2 of the Government Proceedings under reply together with the bill and other details, will be sent on receipt of the necessary information from the Deputy Commissioner, Bangalore District.

I have the honour to be
Sir,
Your most obedient Servant

S Mukerjee
Excise Commissioner
in Mysore.

From.

The Excise Commissioner
in Mysore.

To

The Chief Secretary to the
Dewan of Mysore.

Sir,

In continuation of this office letter No. 6637 / 372 dated 26th June 1893, I have the honor to forward, herewith, the Statements of actual Collections and actual expenditure under "Date Toddy" in the Bangalore Taluk from 1st January to 31st March 1893, received from the Deputy Commissioner, Bangalore District.

2. The proportionate Share of Toddy revenue payable to the Civil and Military Station for the three months under report

is noted below:—

Population of the Bangalore Taluk including Civil and Military Station	Population of the Civil and Military Station	Revenue of the Bangalore Taluk including the Civil and Military Station	Rev... the ... Station
2,69,683.	100081	16,775-6-3.	6,225-7-2.

3. The proportionate cost of the Toddy establishment debitable to the Civil and Military Station as per details given in the previous report, is as follows:—

Revenue of the Taluk including Civil and Military Station for January, February and March 1893.	Revenue of the Civil and Military Station	Actual cost of the Taluk including Civil and Military Station for 3 months.	The proportionate cost to be charged to the Civil and Military Station
16,775-6-3.	6,225-7-2	348	129-2-3

4. Deducting Rs 129-2-3, the net amount payable to the Civil and Military Station is Rs 609-4-11 for which a bill is herewith submitted for sanction and transmission to the Comptroller for audit.

I have the honor to be,
Sir,
Your most obedient Servant,

L Michetti
Excise Commissioner
in Mysore

Extract
Rec: March 1893
Reg 14/1471

No. 4300
648-86.

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

TO

The Dewan of Mysore.

Dated Bangalore, 14th December 1893.

SIR,

It has been ascertained from the Collector, Civil and Military station of Bangalore, that no payments have yet been made by the Durbar from 1st April 1892 towards the Civil and Military station share of the toddy revenue.

2. I am directed to refer you to the correspondence (36) ending with this office letter No. 1098-648-86 dated the 30th March 1893 more especially to paragraph 7 of your (35) letter No. 1521/4 / A-7-195-92 dated the 14th March 1893 and to an extract from your D.O dated the 15th November 1893 as follows,

"as soon as I go to Mysore I shall settle the question of the payment to the station for the period since 1st April 1892,"

and

and to ask that arrangements may be made for the early payment into the Resident's Treasury, Bangalore, of the share due to the Civil and Military station upto date in respect of the toddy revenue.

3. The Resident will be glad to know the date on which payment is made and to receive a memo: showing the calculations by which the amount so paid has been arrived at.

I have the honor to be,

Sir,

Your most obedient Servant.

Lt. Assistant to the Resident.

Nov 1893: No. 1715

Memorandum regarding the Toddy Revenue of the Civil and Military Station :

i For the 12 months from 1st April 1892 to 31st March 1893.

(1) Gross Demand for the period including Local Cess as per Sabrappa's Contract for the Bangalore Taluk including the ~~City and~~ Civil and Military Station of Bangalore ——— ;

Deduct Amount un-recovered and recommended by the Excise Commissioner for remission on the ground of loss to the Contractor

the extent of over Rs. 20,000 — 3,543 - 12 - 6

Balance being actual

Revenue realized ——— 73,912 - 7 - 6

(2) The population of the Civil and Military Station being 1,00,081 and that of the Bangalore Taluk (including the Station) 2,69,683, the share of the Civil and Military Station in the Revenue realized, according to the proportion of population, is

$$\frac{100,081}{2,69,683} \times \text{Rs. } 73,912\text{-}7\text{-}6 = \text{Rs. } 27,429\text{-}5\text{-}10$$

(3) The monthly Cost of the Establishment [illegible] for the entire Taluk was

as follows: —

Toddy Inspector for the Entire Taluk — on	Rs	15+10
Toddy Inspector for the Toddy groves in Kan- Kanahalli, assigned for the use of the Station and City of Bangalore —		
ddy Inspector for the Toddy groves in Kunigal, assigned for the use of the Station and City of Bangalore —		15+10
Clerk — on		20
Peons —		18
Contingencies —		3
Total	Rs	116 per month
Cost for 12 months for the Entire Taluk —	Rs.	1,392

Share

Share of Cost Chargeable to the Civil and Military Station Revenue in the proportion of population is $\frac{1,00,081}{2,69,683} \times 1392$ ——— = Rs. 516-9-3

(4) The net amount payable to the Resident's Treasury on account of the Civil and Military Station Revenue for 12 months from 1st April 1892 to 31st March 1893 is: ———

Share of Revenue realized [Vide (2) above] ———

Deduct Share of Cost of Establishment [Vide (3) above] ——— 516-9-3

26,912-12-7

r 6 months from 1st April 1893

o 30th September 1893.

(1) During this period the Toddy Revenue has been under Amani management. Separately for ~~As regards~~ the City and Station of Bangalore and adjoining tracts, ~~and under petty farmers in the remoter parts of the Bangalore Taluk.~~

(2) The actual realizati~~ns~~ ~~have been as follows:~~

~~(a)~~ Civil and Military Station

and City of Bangalore have been as follows :—

Month	Amount realized	Amount expended	Nat Revenue
April 1893	3806-5-10	1573-8-7	2232-13-3
May "	4447-5-2	1834-9-1	2612-12-1
June "	3671-12-10	1704-7-10	1967-5-0
July "	3919-10-11	2047-1-9	1872-8-3
August "	4444-14-10	2420-14-8	2024-0-2
September "	5438-2-8	3005-8-11	2432-9-9
Total	25,728-3-4	12,586-2-10	13,142-0-6

(b) Entire Taluk (Bangalore) including the Civil and Military Station ~~and City of Bangalore~~

Month	Amount realized	Amount expended	Net Revenue
April 1893	3806-5-10	1573-8-7	2232-13-3
May "	6045-6-11	1863-0-1	4182-6-10
June "	5016-10-11	1748-3-10	3268-7-1
July "	5681-8-10	2077-15-4	3603-9-6
August "	6222-6-11	2450-2-4	3772-3-8
September "	7203-9-7	3025-8-6	4178-1-1
Total	33,976-11-1	12,738-6-8	21,237-9-5

(3) Applying the rule of proportion, the share of Revenue belonging to the Civil and Military Station is

(a) If only the City and Station is taken into account

$$\frac{100081}{180,366} \times \text{Rs. } 13,142\text{-}0\text{-}6$$

$$= \text{Rs. } 7292\text{-}3\text{-}5$$

or (b) If the entire Taluk is taken into account

$$\frac{100,081}{269,653} \times \text{Rs. } 21,237\text{-}9\text{-}5$$

$$= \text{Rs. } 7881\text{-}6\text{-}4.$$

(4) The Dumbar will adopt the calculation more favourable to the Civil and Military Station

(4). The Durban mill at once
~~Station land~~ pay into the
Resident's Treasury ~~—~~
£ 7292.3.5
£. ~~7001-6-4~~ as the Revenue
of the Civil and Military
Station from 1st April
1893 to 30th September 1893.
A similar procedure
~~should~~ be adopted as
regards the Revenue for
October, November and
December 1893.

(5). The Amani manage
ment closes on 31st Dec.
1893 and from 1st Jany.
1894 will begin the new Contract
~~begins. The Amount of~~
~~it~~ for the Civil and Mili
tary Station and
the City Combined.

has executed the present Agreement & deposited the Security required. The division of the Revenue & the deposit made the contract

£ 40 50 - 0 - 0 per month ~~a division of their~~ account between the City and the Station will be according to the actual Consumption in each place as recently arranged between the Resident and the Dunbar. The share of the Station as ascertained by such division with should be regularly paid into the Resident's Treasury once in every Quarter.

No 14822 / R.T. 195-92 Dy 6-3-94 / 7

Sir,

With reference to
para ii(4) of the Dewan's
memo no Dy 20th Dec/93
~~forwarded~~ ~~acknowledged~~ with my letter
No 9836 / R.T. 195-92 Dy 21st Dec/93
on the subject of the proportional
share of Toddy Rev: payable
to the Civil & Mr Station,
I am directed to state that
the Comptroller has been
instructed to pay into the
Resident's Treasury the
sum of Rs 2,311-9-5
on account of the share
of revenue due for the
quarter ending 31st Dec/93,

as shewn below: —

i Amount Realized	Amount Expended	Nr
Rs 12,938 – 3 – "	8,772 – 3 – 10	4,165 – 15 – 2

ii Applying the Rule of Proportion, the share of Rev: e due to the C & Dr" Station is $\frac{100081}{180366} \times 4,165\text{-}15\text{-}2$

= 2,311 – 9 – 5.

2. I am to add that the division of the Revenue to be derived under the new Contract from 1st Jan/1894 as already stated, will be according to the actual Consumption in the City & the Station ~~as hitherto arranged between the Resident & the Director~~, and the share thus ascertained will be regularly paid once in every quarter.

No 1362 / R.7 195-92 dt 21.7.94 / 23/4

Sir

With reference to para 11(5) of the Dewan's Memo No Dy 20 dt Dec 93 on the subject of proportionate share of Toddy Rev: payable to the C & M station, I am directed to state that the Comptroller has been instructed to pay into the Resident's Treasury the sum of Rs 5103-~~5-5~~ on account of the ~~balance~~ share of Rev: due for the quarter ending 31st March 94 according to the proportion of actual Consumption of Toddy in the station as shown below:—

Consumption of Toddy in the city & station for 3 months.	Consumption of Toddy in the Mfg.	Toddy Rev: of the city & station	Proportionate share payable to station
18824-21	8140-3	12150—00	5253—13—

deduct from the afore said amount of 5253-15-1, the proportionate Cost of Estb Vig 150-7-8 as shewn below:—

Consumption of Paddy in the City & Station	Consumption in the Station	Cost of Estb for 3 months	Proportionate cost debitable to the Station
18824-21 :	8140-3 ::	348-00 :	150-7-8

The Net amount due is therefore Rs 5103-5-5

2. I am also to furnish the ~~Estb~~ ~~that~~ appended Statement showing the Consumption of Paddy ~~in~~ ~~also applicable~~ for the information of the Resident.

I have &c.

Office of the Dewan of Mysore

No: 635 of 2nd April 1897

Dated Camp Mysore 30th March 1897

To

The First Assistant to the Resident in Mysore

Sir,

I am directed to forward herewith 6 ~~copies~~ copies of an order proposed to be issued by the Darbar in re the introduction into the State, with effect from 1st July 1897, of what is known as the Tree tax system of Toddy administration.

2 The Toddy Contract of the Civil and Military Station is being taken up along with that of the Bangalore

I am directed to report for the information of the Resident that the Combined Toddy Farm of the C. & M. Station and of the City of Bangalore Expires on the 30 June next.

The present farmer B.C. Rudrappa, who has held the Contract Since 1st January 1894, pays a rent of Rs 48600/- per Annum, and the existing arrangement between the British Govt & the Darbar is to divide this rent in the proportion of the quantities of Toddy actually consumed respectively in the Station & the City—

I am to request that you will be so good as to obtain

the Residents' Consent & the above described arrang
ment being continued as regards the Station till
the 30 June 1898, as the Durban proposes to grant
out the Combined Farm & the present farmer
for the amount of his present rent for a
further period of one year, as a measure
Calculated to facilitate the introduction into
the State of the Tree Tap System which has been
so successfully adopted in the ~~Districts of the~~
Madras Presidency in recent years.

2. The measures ~~proposed~~ to be adopted for the
ensuing year are described in the accom-
panying Copy* of the order issued by the Durban —
The proposal is to make the present ~~Co~~ farmer
liable, under a new Contract for 1897-98,
to pay the same rent as for 1896-1897 without any
deduction whatsoever, but
a Subject to the Condition that he is to
pay any larger amount which may represent
the aggregate of the ~~Fees~~ license fees paid by
him for the trees so tapped, at the rates
Specified in the ~~Accompanying~~ Enclosed Order. Should there be any
such larger Revenue realized, the State will of course share in it.
3. As it is believed that the State Toddy Revenue
Cannot be Separately ~~arranged for,~~ managed, in the absence of
Special arrangements therefor ~~and~~ and as the

* i.e. with 6 spare Copies.

4 The principles on which the scheme is based are:—

(a) that a fee of Rs 1-1-0 shall be paid for every tree tapped,

(b) that when the aggregate of such fee falls short of the rent for 1896-97, the difference shall be paid as shop rent, and

(c) when it exceeds the rent for 1896-97, no refund shall be claimed.

5 Under this arrangement, the ~~lowest~~ minimum guarantee revenue for 1897-98 will be ~~that~~ the income of the year 1896-97, and there is also the possibility of an additional revenue being secured on additional trees, if any, tapped by the Contractor under license.

such a settlement becomes available. In this event I beg to refer you to the instructions forwarded to you

I have the honor to be
Sir,
Your most obedient Servant

Secretary

Henderson with the
Secretary of State's
15th Nov/93.

Excise 51/96

Proceedings of the Government of Mysore.

No. 613-22—Ex., dated, Camp Mysore, 2nd April 1897.

Order.—It is under the contemplation of Government to introduce what is known as the tree tax system into the province of Mysore. Instead, however, of at once adopting the system in its entirety, the Government resolve to make the following preliminary arrangements for the official year 1897-98.

(1) During 1897-98 in parts of the State where the tree tax is declared to be introduced, no tree is to be tapped for toddy, without a license therefor to be obtained by payment of tree tax at the following rates:—

Tree.	Tree tax for each tree including local cess. Rs. a. p.
Date	... 1 1 0
Cocoanut	... 2 2 0
Palmyra	... 1 9 6
Bagani or sago palm	... 1 9 6

(2). The first offer for every toddy vend farm will be made to its present farmer on condition of his agreeing to pay for 1897-98, the rent he has agreed to pay for 1896-97, the said rent being made up of—

(*a*) the tree tax at the above rates for the toddy yielding trees tapped by him under a license granted by the local Excise Officers, for the supply required for *bona fide* consumption at his shops, whether such trees be in Government unoccupied or occupied land or in alienated land. No trees upon Government occupied land can be tapped without arrangement by the farmer with the owner. The present arrangements as regards trees on alienated land will hold good, subject of course to the levy by Government of tree tax; and

(*b*) shop rental, being the difference, if any, between the farm rent and the tree tax for the year.

Note 1.—If the number of trees for which tapping licenses are obtained exceeds the number whose license fee at the rates prescribed is covered by the said rent, the farmer shall not be entitled to a refund of the excess fee paid by him on that account.

Note 2.—If the Deputy Commissioner is satisfied that a farm was purchased at a loss in 1896-97, owing to unwholesome competition, and, if no one comes forward to take up the farm for 1897-98 on the terms aforesaid, he may fix such amount of rent as may seem proper, provided it is not less than the amount payable on account of tree tax at the rates mentioned above.

(3) If any farmer declines to accept his farm for 1897-98 on these terms, the shops included in the farm will be sold by auction; and the new farmer will, in addition to his bid, pay tree tax on the number of trees for which he may obtain tree tapping licenses.

(4) An agreement (in the accompanying form submitted by the Excise Commissioner, which is approved) should be executed by each farmer for 1897-98 agreeing to abide by the terms of his contract and by the Excise laws and rules which are now in force or which may from time to time be issued by Government.

(5) Tapping licenses may be granted at any time; and as much as possible will be confined to trees of the grove or groves, if any, attached to the farm during 1896-97, unless the trees therein are insufficient, in which case licenses may be granted for tapping trees in other groves also.

(6) The tree tax on trees tapped during each quarter and the proportion of shop rental due for each quarter of the year shall be payable in three equal monthly instalments on or before the 20th day of each month.

(7). The minimum retail rates for the sale of toddy will be as shown in the appended list.

2. The Excise Commissioner is requested to issue to the canvassing officers concerned such detailed instructions in the light of the above remarks, as may be necessary for making the scheme an assured success.

3. A provisional notification will be issued under the Excise Act, declaring that the rules contained in Notification No. 11739-40—R. F. 233- 92, dated 14th January 1893, shall, as far as may be, apply to the contracts for 1897-98. The Excise Commissioner should, however, submit in due course a set of draft rules with forms of license, &c., specially applicable to the tree tax system.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner, with reference to his letter No. 4179—288, dated 1st February 1897 and No. 4517—314, dated 4th March 1897.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Form of Agreement to be executed by Toddy Vend Farmers for 1897-98, *referred to in Clause* (4) *of para* 1 *of Government Proceedings.*

Whereas the Government of Mysore has agreed to lease the undermentioned toddy vend farms to me for 1897-98 on the following terms and conditions for the same rent that I have agreed to pay for 1896-97, I do hereby engage to accept the same and bind myself, my heirs, executors and representatives by the terms and conditions hereunder mentioned.

Terms and Conditions.

1. I will pay for 1897-98 the same rent that I have agreed to pay for 1896-97, *viz.*, Rs. including local cess, but made up as follows:—

Description of tree.	Rates of tree tax per tree per annum.	Rs. a. p.
Date	Tree tax including local cess	1 1 0
Cocoanut ...	Ditto ..	2 2 0
Palmyra ...	Ditto ...	1 9 6
Bagani orsago palm in malnad.	Ditto ...	1 9 6

(*a*) the tree tax at the marginal rates for the toddy yielding trees tapped by me in Government groves, as well as in occupied and alienated lands; and

(*b*) farm rent.

2. My deposits and securities of 1896-97 shall be utilized for 1897-98 for the due fulfilment of my present engagement.

3. For the trees required to be tapped for each quarter in the Government groves assigned to my farm, or in private groves obtained by me for the manufacture of toddy under private arrangements between myself and the owners of such groves, I shall make the application in the prescribed form, in due time, and obtain tapping licenses.

4. In the case of date trees applied for by me to be tapped, I shall get the requisite spaces on the stems of date trees prepared, so that they may be easily marked by Excise Officers.

5. No trees shall be tapped, nor shall toddy be drawn from any tree, nor shall any pot be attached to any tree, until the tree has been marked by the proper

officer. But the preparation of the spathes, or incisions for the drawing of toddy from the fit trees applied for, may be made as soon as the application in the prescribed form has been delivered to the Excise Supervisor concerned.

6. The tree tax and farm rent payable for 1897-98 shall be adjusted as follows :—

(1) For each toddy yielding tree, tree tax at the above prescribed rates shall be paid. The difference, if any, between the amount so realized and the total amount of rent including local cess for the year 1896-97 shall be paid as farm rent.

(2) Deduct the tree tax payable for the trees tapped in each of the four quarters of 1897-98 from $\frac{1}{4}$ of the total rent including local cess for 1896-97. The difference, if any, will represent the farm rent payable for each of such quarters.

(3) The tree tax plus the farm rent calculated as above shall be payable in the following instalments :—

Quarters.	Proportion of tree tax and farm rent to be paid monthly to Government.	Instalments by which time to be paid.
1st quarter, between 1st July and 30th September.	$\frac{1}{3}$ of tree tax plus $\frac{1}{3}$ of farm rent.	On or before 20th July.
	Ditto ..	On or before 20th August.
	Ditto ...	On or before 20th September.
2nd quarter, between 1st October and 31st December.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th October.
	Ditto ...	On or before 20th November.
	Ditto ...	On or before 20th December.
3rd quarter, between 1st January and 31st March.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th January.
	Ditto ...	On or before 20th February.
	Ditto ...	On or before 20th March.
4th quarter, between 1st April and 30th June.	$\frac{1}{3}$ tree tax plus $\frac{1}{3}$ farm rent.	On or before 20th April.
	Ditto ...	On or before 20th May.
	Ditto ...	On or before 20th June.

If the amount of tree tax paid by me for 1897-98 were to equal the total amount of rent including local cess for 1896-97, nothing would remain to be paid by me as farm rent for 1897-98. But if the tree tax payable by me on the trees I tap for 1897-98 were to exceed such amount of 1896-97, I should be bound to pay such excess.

7. For the convenience of the farmers, application for tree tapping licenses for 1897-98 shall be received, trees shall be marked and tapping licenses shall be issued, by the Supervisors concerned, during the month immediately preceding the 1st July 1897, so that the drawing of toddy for 1897-98 may take effect from the 1st July 1897.

8. I shall not sell toddy at rates below the minimum retail rates fixed by Government as per particulars below :—

9. I shall further hereby bind myself to conform to the conditions of Tapping License, Farm License, Shop License and Excise Laws and Rules, which are now in force, or which may from time to time be issued by Government.

10. In case of any breach of the above terms and conditions either by myself, or with my connivance and privity, by any person in my employment or in the event of my neglecting to open my shops or to carry on the business of my farm with due care and attention, it shall be competent to the Deputy Commissioner of the district to impose upon me a fine not exceeding Rs. 50 for every such breach of such terms and conditions or such neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the farm and sell it at my risk. When the farm is cancelled, the tree tax and rent for the whole period of the lease shall become due at once, and all loss caused to Government by the cancelment or sale of the farm shall be made good by myself, my heirs and representatives. All the amounts of such fines, penalties and loss shall be recovered in the same manner as if they were arrears of land revenue.

Dated this day of 1897.

In witness whereof I hereby affix my signature.

Witnesses—

1

Revenue, dated 2nd April 1897.

The minimum retail rates of toddy, referred to in clause (7) of para 1 of Government Proceedings for the period of twelve months beginning with 1st July 1897 and ending with 30th June 1898, shall be as follows :—

To

The 1st Asst: to the Resident in Mysore

No: 10629 / R-7195-92 Encl

Dt: 2/6/97

4

Sir,

(42a) With reference to para 11 (5) of the Dewan's memorandum, dated 20th December 1893 and in continuation of

(88) this office letter No: C 350 of 10th March 1897, I am directed to state that the Comptroller, Mysore Govt, has been instructed to pay into the Resident's Treasury Rs. 5255-15-2, being the amount of Toddy Revenue payable to the Civil and Military station, Bangalore, for the quarter ending 31st March 1897, calculated on the proportion of actual consumption of Toddy as shown below:-

Consumption of Toddy in the City and Station during the 3 months of January, February and March	Consumption of Toddy in the Station alone during the 3 months.	Toddy Revenue of the City and Station for the 3 months.	Proportionate Share of Toddy Revenue Payable to the Station
Gtkadas - Seers.	Gtkadas - Seers	Rs - as - p.	Rs - as - p.
15,692 - 20	6,988 - 17	12,150 - - -	5,410 - 14 - 10

Deduct from the above, the proportion

Cor

cost of establishment debitable to the Station

thus :—

Consumption of Toddy in the City and Station of Bangalore during the 3 months of January, February and March	Consumption of Toddy in the Station alone for the 3 months	Cost of establishment of the City and Station for the three months	Proportionate cost of establishment debitable to the Station
Ghadas - Seers.	Ghadas - Seers.	Rs - as - p.	Rs - as - p
15,692 - 20 :	6,988-17 ::	348 - 0 - 0 :	154-15-8

Net due for the quarter ending 31st March 1897: Rs 5,255-15-2.

2. A statement showing the consumption of Toddy in the City and Station during the quarter under advertence, is also appended for information

No. 288

Civil Rec'd 24/1/98 Pol. Secret 1/98

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 24th January 1898

SIR,

Trial No 95 on file.

Referring to your letter No. R. F. 195-92, dated the 2nd June 1897, the subject of the toddy revenue pa to the Civil and military Station Bangalore for the quarter endin March 1897, I am directed to obs that no payments have yet been m on this account for the Current fin year, and to ask that instructio may be kindly issued for the ea adjustment of this account.

2. According to the existin arrangem

arrangement, the revenue due to the Civil and Military Station is payable regularly once in every quarter.

3. I am to enquire whether the introduction of the Tree Tapping System will render any change in the existing arrangements for supply of toddy to the Civil and Military Station necessary, if so the Resident will be glad to receive an expression of our views on the Subject.

I have the honor to be,
Sir,
Your most obedient Servant.
K. S. Greene Captain,
First Assistant Resident.

From

The Excise Commissioner
in Mysore

To

The Secretary to the
Government of Mysore
General & Revenue departments

Sir,

In reply to your docket No. 8074 / Ex 307, dated 2nd instant, I have the honor to state that the bills on account of toddy revenue due to the Civil and Military Station for two quarters ended 30th June 1897 & 30th September 1897, were submitted with this office letter No. 6555 / 289, dated 26th February / 3rd March 1898, and that the bills for the quarter ended 31st December 1897 will be sent on receipt of the requisite Statements from the Deputy Commissioner, Bangalore District, to whom reminders have been forwarded.

2. In regard to para 3 of the Residents letter No. 288, dated 24th January 1898, I beg to state that I am of opinion that the principle of

REVENUE.

No. 868—*Ex.* 37, *dated* 20*th July* 1897.

Under Section 20 of the Excise Act XXII of 1881 as amended by Act VI of 1885 and introduced into Mysore by Regulation III of 1885, and in exercise of all other powers conferred by Section 55 of the said Act, the Government of Mysore are pleased to prescribe the following Rules for the issue, &c., of licenses under Section 5 of the said Act, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect throughout the Mysore Province from the 1st day of July 1897.

1. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy vend farmers;

(*b*) of licensed toddy shop-keepers in alienated villages or other localities in which toddy shops are sold by auction and licensed separately; and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad for the number of trees fixed by the Excise Commissioner for the drawing of toddy required for *bonâ fide* domestic consumption, but not for sale.

The licenses may be issued in the name of the applicant himself or of his nominees.

2. Applications for the grant of tree-tapping licenses must be made in the prescribed form, to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him. They must bear a court-fee stamp of one anna.

3. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent.

4. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

5. On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license.

6. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

7. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

8. For all toddy-yielding trees, tree-tapping licenses shall be annual.

9. During 1897-98, no tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Tree.	*Tree-tax for each tree per annum including local cess.* Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6

10. The Government reserve to themselves the right of imposing, in addition to tree-tax, a rent for every tree not belonging to private individuals tapped by a Mysore or British farmer. Such rent shall be credited to the Department of Government or the District or Municipal Funds entitled thereto.

11. The licensees of vend farms will pay for 1897-98 the rent they have agreed to pay, the said rent being made up of—

(*a*) the tree-tax at the above rates for toddy-yielding trees tapped by them under licenses granted by the Supervisor concerned, for the supply required for *bonâ fide* consumption at their shops, whether such trees be in Government unoccupied or occupied land or in alienated land.

(*Note*:—No trees upon Government occupied land can be tapped without arrangement by the farmers with the owner. The present arrangements as regards trees on alienated land will hold good, subject of course to the levy by Government of tree-tax);

and (*b*) shop rental, being the difference, if any, between the farm rent and the tree-tax for the year.

12. No tree-tax will be charged for the trees tapped or caused to be tapped by coffee planters and proprietors of "hittals" and kans in the *malnad*, in their patta lands, for the drawing of toddy for their *bonâ fide* domestic consumption, but not for sale. Such toddy may be utilized to make bread only for the use of the members of their family, or for their consumption, but not for sale or for the use of their servants, laborers or other employés.

13. Under the arrangement which has been arrived at with the Resident in Mysore the tree-tax on toddy produced by the trees in the Mysore State but consumed in the civil lines will be credited to the British Government. The rate of tree-tax to be paid in such cases will invariably be what is in force in the Mysore State. The following procedure shall be observed on the subject—

Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government rules.

(1) A shop-keepers ~~or renter~~ in the ~~Madras Presidency~~ desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the ~~Thasildar's~~ Treasury ~~concerned~~, in ~~the~~ the Madras Presidency, the tree-tax on the trees which ~~he~~ proposes to tap. The ~~Thasildar~~ after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(2) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the ~~higher~~ rate of ~~the two, whether British or~~ Mysore, ~~if the rate is not the same on both sides of the frontier~~.

(3) The Supervisor concerned in the Mysore State will issue Transport Permits to the ~~frontier~~ in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the ~~Madras Presidency~~ if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(4) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

14. In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted:—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the ~~Madras Presidency~~ under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

15. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

16. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

17. Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory shall observe the following rules in tapping date trees:—

(1) Trees tapped one year shall not be tapped the next year.

(2) Trees shall not be overtapped or overworked.

(3) In no date tree shall the initial incision be made at any point less than five feet from the ground except in places where the trees are stunted in growth, in which case an exception may be made by the Deputy Commissioner, the age of the trees being taken into consideration after due enquiry.

(4) No date tree shall be cut to a greater depth than one-third of its diameter.

(5) Every fresh incision shall not be less than one foot above the last incision, except in localities where the trees are stunted in growth, in which case an exception may be made by the Deputy Commissioner.

(6) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

By Order,

C. SRINIVASIENGAR,
Secy. to Govt., Gen. & Rev. Departments.

No: 7034/330 Enc: 1

Excise Commissioner's Office
Dated Bangalore 22nd/30 March 1898

From

The Excise Commissioner
in Mysore

To

The Secretary to the Govt of Mysore
General & Revenue Department

Sir,

In reply to your docket No: 8492/Ex:331, dated 11th instant, I have the honor to submit herewith copy of letter No: 135, dated 19/22 instant, from the Deputy Excise Commissioner, and to state that it is feasible to arrange for a separate assignment of available date trees in the Kunigal and Kankanhally talukas for the supply of toddy to the C. & Ex. Station. Such assignment will have to be supplemented by the trees in private lands, which the lessees of the toddy shops in the C. & Ex. Station will have to obtain from the owners thereof under private arrangements between them as at present.

I have the honor to be,
Sir,
Your most obedient, servant

[illegible]
Excise Commissioner
in Mysore

(109) 1893

Sealed Bo Dewan
1/4/98.

To

The First Asstt to
the Resident in Mysore.

No: 1053. Dt 2/5/98.
Sa 435.

Sir, I am

(95)

In reply to para 3 of your letter no. 200 of the 24th January 1898 enquiring whether the introduction of the Tree-tax system will necessitate any change in the existing arrangements for the supply of toddy to the civil and military stations, I am directed to state as follows.

2. The preliminary arrangements ordered for the current official year 1897-98 having prepared the way for the introduction of the tree-tax system, the Darbar propose to bring the new system into force from the ensuing official year 1898-99, which are (1) the disposal by auction sale, if necessary, by private negotiation or invitation and acceptance of tenders, of the exclusive privilege of vending toddy in

has been attended with some measure of success, the Darbar propose to introduce the tree tax system in its entirety

2. The preliminary arrangements made during the current official year having ~~to some extent prepared~~ the way for the introduction of the tree-tax system the Darbar propose to bring ~~the same~~ into force during the ensuing year 1898-99. ~~The main features~~ of the system

i.e. from 1st July 1898 to 30 June 1899 — I am to forward herewith a Copy of the advertisement issued by the Darbar, which contains a statement of the main features of the System.

Under this System it is unnecessary

in licensed shops, independently of the right of tapping trees, and subject to an upset price fixed with reference to the capabilities of each shop; (2) the levy of a tax on each tree tapped under a license; and (3) the payment of a rent per tree to the owner of the land on which the tree stands.

3. Under this system it becomes unnecessary, to continue the combined to continue ~~the combination the~~ management of the toddy farms of the C.P.P. Station and the City of Bangalore. ~~this, under this system, unnecessary;~~ and the shops in each of these areas can henceforth be sold or otherwise disposed of to the best advantage by the authorities of that area.

3. The principle of the arrangement entered into with the Madras Govt., for supply of Toddy from Mysore trees will also apply as regards trees in the Mysore State applied for by shop-keepers of the Station, who will pay into the Residents Treasury, and a rent of four annas per tree, to the Mysore Government.

to Madras shops, seems fully applicable to the case of the Toddy supplied from trees in Mysore to the shops in the Colar Station, and I am to state that the Durbar will gladly give the authorities in the Station every possible help in obtaining the required supply of Toddy from trees within Mysore jurisdiction.

Dated Mysore 7th April 1885.

To,

The Secretary to the Dewan
of Mysore

Sir,

With reference to Dewan's Order dated 6th Instant, I have the honor to report that the Ganja farm for the year 1885/86 was today put up to auction and knocked down to Malligowda of Mysore whose bid was the highest, being Rs 158/ for the Mysore District and 10-12-0 for the French Rocks Sub Division, exclusive of local cess, representing an increase of Rs 8/12 over the previous contract amount.

rec'd 14/4/85

2. Kamaniah and a few others who were present declined to bid more than what Mallagowda offered

3. Mallagowda has made the usual deposit and the necessary agreement will be obtained from

him, on receipt of the Dewan's confirmation of the sale.

4. I beg you will be so good as to furnish me with a few printed forms of agreement.

I have the honor to be,

Sir,

Your most obedt Servt.,

Dy: Commissioner
